Limitation Of 'Invasion' Not Taken Lightly

WASHINGTON (AP) — President Nixon's promise that U.S. troops will be out of Cambodia by July 1 at the latest has made no noticeable dent in prior Capitol Hill opinion—critics remain critical and supporters are standing firm behind the new war policy.

In separate briefings with two groups of representatives and senators Tuesday, the President spelled out the limitations on the incursion—American units could go no further than 21.7 miles into Cambodia without prior congressional approval and all U.S. troops would be pulled back before the first of July.

Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee and one of the toughest critics of Nixon's Southeast Asia policy, indicated there was nothing new in the President's presentation.

"In these expositions there was, I think, nothing that had not been covered in the President's speech," the Arkansas Democrat said. He referred to the statement Nixon made last Thursday on national television and radio saying a joint South Vietnamese-U.S. troop operation had moved into Cambodia.

Nixon said then the action would be over in six to eight weeks and was designed primarily to protect the security of U.S. troops in South Vietnam by destroying enemy sanctuaries across the border in Cambodia.

TWIN 50 CALIBRE machine guns blaze away across the night sky as U.S. armored personnel carrier crews battled a North Vietnamese attack against Firebase Panther, the northernmost American base in the operational area of Cambodia's Mimot district. In background, a parachute flare lights the sky. The enemy attack was beaten off. (AP Wirephoto via Radio from Saigon)

National Guard Begins Kent State Withdrawal

KENT, Ohio (AP) — National Guard troops today began leaving the Kent State University campus where four students were shot to death by Guardsmen during an antiwar demonstration Monday.

Col. Harold Finley of the Guard said half of the 800 troops would be gone from the closed school by afternoon. The rest,

he said, would be conveyed out by late Thursday.

He said the various units under the command of Brig. Gen. Robert H. Canterbury would be returned to inactive status.

A contingent of Ohio Highway patrolmen is to remain on the campus to maintain order, Finley said.

There was no indication when

the campus would reopen.

A court injunction now in effect will keep the school's 19,000 students away until May 10.

Kent State President Robert I. White said Tuesday that "at this time it is not possible to say when a reopening can occur."

The Kent State Faculty Senate, representing 1,170 full-time instructors, adopted a resolution vowing to refuse to resume teaching until the troops left.

In another development, the executive director of the Ohio American Civil Liberties Union called on Gov. James A. Rhodes to remove Adj. Gen. S. T. Del Corso as Ohio National Guard commander.

The official, Benson Wolman, declared the guardsmen who cut down the students with a burst of rifle fire were "ill-trained, overzealous and poorly controlled."

Probe Continues
FBI and Guard investigators continued to probe how and why four students—including two coeds and all described by friends and relatives as disavowing violent protest—were gunned down by guardsmen trying to disperse the demonstration Monday.

Del Corso said Tuesday he had no evidence to back up his earlier assertion that a sniper had fired at the guardsmen just before they started shooting.

The university asked the FBI to investigate an incident in which a pistol was taken from a

U.S., S. Vietnamese Open 3 New Fronts

Heavy Ground Fire Slowing Yank Tactics

SAIGON (AP) — Thousands of U.S. and South Vietnamese troops opened three new fronts in Cambodia today but heavy ground fire still slowed an American operation in north-eastern Cambodia.

Informed sources said that 20,000-25,000 Americans and an equal number of South Vietnamese in the six operations are now driving along 250 miles of the Cambodian border, sweeping up enemy bases and seizing tons of munitions and supplies. They have reported killing more than 2,500 enemy troops.

The North Vietnamese went on the offensive in the far north of South Vietnam, attacking two bases and in one battle killing 29

Student Arraigned On Arson Charges

EAST LANSING (AP)—A second Michigan State University student has been arraigned in East Lansing Municipal Court on arson charges growing out of a fire at the MSU ROTC center last week.

Michael Scott Wilson, 20, of Fraser was held in \$4,000 bond at Ingham County Jail for a May 21 preliminary hearing.

Wilson was arraigned before Judge William K. Harmon before whom Michael Burgoyne, 18, of Bellevue, Wash., was arraigned on a similar charge Saturday. Burgoyne was freed on \$3,000 bond.

A third MSU student, John Pence, 18, of East Lansing was arraigned before Judge Harmon Saturday on a charge of contention in connection with a campus disturbance that preceded the fire. Pence pleaded guilty and the judge deferred sentencing pending a pre-sentence report.

The fire caused an estimated \$35,000 damage to the ROTC building.

Today's Chuckle

Back in the old days it was the boy himself and not his teacher who had to explain why he couldn't learn to read.

Americans, the largest number of U.S. soldiers slain in a single action in 20 months.

Six Fronts Opened

The three new fronts now bring the total to six. U.S. troops opened drives north and south of the Fishhook, the area where the Americans first entered Cambodia last Friday.

South Vietnamese began an operation to link up with U.S. armor that overran Snuol, eight miles inside Cambodia in the Fishhook area.

South Vietnamese troops with U.S. advisers ranged through the Parrot's Beak in the original campaign into Cambodia that began last Thursday.

Heavy ground fire still beset the U.S. operation that opened Tuesday 200 miles north of the Fishhook in the central highlands area.

Only one battalion managed to make it Tuesday in a helicopter-borne assault and it was joined today by another battalion that landed without resistance seven miles inside Cambodia.

But four helicopters, one a command ship, were shot down and U.S. troops were being landed piecemeal in what was designed as a massive assault by 3,000 Americans and 3,000 South Vietnamese. Many helicopters were forced to return to the central highlands because of the intense anti-aircraft fire.

Landings Slow

Associated Press correspondent David Rosenzweig reported from the central highlands base of Pleiku that less than half of the Americans of the 4th Infantry Division had been landed by mid-afternoon.

There was some trouble also on one of the new fronts 80 miles northwest of Saigon. Part of the assault ran into delays, stiff enemy fire and U.S. soldiers were hit by their own artillery barrage. There were reports 10 Americans were killed by the barrage.

Bridge Incomplete

Engineers were supposed to build a bridge across a stream but it still was incomplete and a column of 200 U.S. armored personnel carriers waited to cross at mid-afternoon.

In a possible reaction to the massive allied offensive into Cambodia, the North Vietnamese launched a series of assaults in the far north that killed 29 Americans at an artillery base and overran a district headquarters. One American was killed and seven Americans and 35 Vietnamese were wounded in the attack on Que Son district headquarters, 28 miles southwest of Da Nang.

The 29 U.S. troops killed at Fire Base Henderson, 16 miles south of the demilitarized zone, were the most American soldiers slain in a single action in 20 months. Fifteen North Vietnamese were reported killed.

He referred them to a pamphlet on the "rules of engagement" drawn up by the Ohio National Guard and approved by guard headquarters at the Pentagon. Each state has a set of rules which follow the Pentagon's guidelines.

These rules say, according to Wilson, that "when all other things fail" in putting down a civil disturbance, "rifles will be carried with a round in the chamber."

'Most Wanted' List Includes H. Rap Brown

WASHINGTON (AP) — The FBI expanded its list of "10 Most Wanted Fugitives" to 11 today to make room for H. Rap Brown, the black militant who failed to appear Monday for his riot and arson trial.

Brown, the FBI said, should be "considered armed and dangerous."

The addition of the 26-year-old black militant leader came less than two days after the Maryland attorney general's office obtained a federal warrant charging him with interstate flight to avoid prosecution.

It also marked the first time in two years—since James Earl Ray was being sought for the slaying of Dr. Martin Luther King Jr.—that the FBI failed to wait for a top-10 vacancy before adding another man.

A former chairman of SNCC—the Student National Coordinating Committee—Brown was to stand trial in Ellicott City, Md., on charges stemming from a fiery 1967 speech he made in Cambridge, Md., shortly before disorders erupted in a black area of the city.

When he failed to appear, Howard County Circuit Judge James MacGill revoked Brown's \$10,000 bond and issued a bench warrant for his arrest. The black militant actually had been missing since March 9 when his trial, later shifted to Ellicott City, first began in Bel Air, Md.

The proceedings were shifted to Ellicott City after two of Brown's friends died in an automobile explosion just outside Bel Air and another blast ripped through the courthouse at nearby Cambridge.

Bill Planned To Curb State Campus Unrest

LANSING (AP)—Acting in the aftermath of campus unrest around the nation, the Michigan Legislature is putting finishing touches on a bill to fine or imprison persons who disrupt college campuses.

The House voted 82-17 Tuesday for a revised bill, sponsored by Rep. Quincy Hoffman, R-Ann Arbor, that prescribes a 30-day jail sentence and a \$500 fine for any person who violates college rules or refuses to leave when ordered off a campus, if there is danger of damage or injury.

A \$200-\$1,000 fine and jail sentence of as much as 90 days could be given anyone convicted under the bill of intentionally constituting "a clear and substantial risk of physical harm or injury to other persons or of damage to or destruction of the property of the institution."

The House, at Hoffman's motion gave the bill an Aug. 1 effective date, then returned it to the Senate for action on that point. The upper chamber passed the bill previously by a 29-3 vote.

Opponents of the bill said the "reality of the situation" and "overly zealous concern" would only "aggravate a tense situation."

But Rep. Philip O. Pittenger, R-Lansing, contended, "the universities have the tools, but it's obvious they're not putting them to use."

Campus unrest, meanwhile, touched off brief discussion in the Senate, where Sen. Stanley Rozycki, D-Detroit, noted anti-ROTC sentiment at Michigan State University and said:

"If our universities want ROTC for those who want it, they should be allowed to have it."

Rozycki, who said there "wouldn't be any academic life—or freedom—if the bills were not paid by long-suffering taxpayers," suggested all students at state-supported colleges and universities might be required to sign affidavits that they would not participate in any organizations bent on destruction.

HE'S SHOT — A coed screams as a classmate lies dead face down on the campus of Kent State University. National Guardsmen fired into a crowd of demonstrators after three days of rioting and four persons died and 11 others were wounded. Investigations are underway by both the FBI and National Guard into the shootings. (AP Wirephoto)

Reds Boycott Paris Confab

PARIS (AP) — The Communist side boycotted the Vietnam peace talks today to protest American air raids on North Vietnam last weekend and U.S. military operations in Cambodia. But the North Vietnamese and Viet Cong did not break up the conference.

The North Vietnamese announced that they were postponing today's 66th meeting of the peace talks until Thursday, May 14. The regular Thursday meeting this week had been scheduled for today because this Thursday is Ascension Day, a holiday in France.

Announcing the boycott and postponement, North Vietnamese spokesman Nguyen Thanh Le told a news conference that the Nixon administration had violated a promise by the Johnson administration to stop the bombing and all other acts of war against North Vietnam. He said that instead President Nixon had intensified and extended the war.

"If the Nixon administration continues its bombardment of North Vietnam," Le said, "it must bear the entire responsibility for all the grave consequences of its acts."

He did not elaborate on this threat, but it was certain to be construed by many as a threat to break off the peace talks.

Hanoi charged earlier that U.S. planes bombed populated areas in the southern part of North Vietnam daily for the past five days, and a broadcast today said 20 children and numerous women were killed.

Hancock Lists Lowest Reading With 26 Above

By The Associated Press
Rain splashed into a large part of the Northeast today while cold air settling over the Midwest dropped temperatures into the frosty 20s and 30s in the upper Great Lakes.

The mercury dipped to 26 at Hancock, in Upper Michigan well before daybreak. Readings in the 30s extended southward into Illinois and Indiana. Madison, Wis., chilled down to 28.

Snow swirled over Flint, Mich., in the predawn hours.

Rainfall amounts in the Northeast generally were light. Showers ranged from the lower lakes to the Middle Atlantic states and into New England.

Isolated thunderstorms rumbled across portions of Missouri during the night. Hail pelted some areas.

Fair and pleasant weather dominated most other sections of the nation, although clouds and cool temperatures lingered in the Pacific Northwest.

Weather

ESCANABA AND VICINITY:
Frost warning tonight. Fair and cool today high around 50. Fair and cool tonight with frost likely, low tonight about 31. Sunny and warmer Thursday with highs about 64. Escanaba's high Tuesday was 45 with a low reading of 30 recorded overnight. Sun sets today at 8:02 and rises Thursday at 5:27.

West, Central Upper Peninsula—Today fair and cool, high upper 40s to mid 50s. Tonight fair and cool with frost.

Railroad Bill Rolling Along

WASHINGTON (AP) — A bill aiding the nation's financially troubled railroad passenger trains rode smoothly toward expected final approval in the Senate today.

The proposal would establish a profitmaking corporation to take over much of the nation's ailing rail passenger service in much the same way COMSAT operates the country's satellite communications system.

Sen. Vance Hartke, D-Ind., said the single-corporation proposal, a substitute for a bill approved earlier by the Senate Commerce Committee, has the complete support of the Nixon administration.

Another substitute proposal, offered by Sen. Claiborne Pell, D-R.I., would establish three regional corporations to operate on a nonprofit basis.

Opening debate on the single-corporation plan Tuesday, Hartke told the Senate:

"This country needs all modes of transportation operating at their maximum efficiency if in the 1970s Americans are to be able to travel from city to city safely, comfortably and in reasonable time."

Hartke noted the administration opposed a direct subsidy plan when it was before the Commerce Committee but changed its position when key changes were made.

The plan before committee would have provided \$435 million over four years in direct federal subsidies for the purchase of new equipment and for operating expenses.

Students Respond To Call For Strike

By The Associated Press
Students at a growing number of campuses across America today responded to calls for a nationwide strike against President Nixon's Cambodian policy and the Kent State killings.

Some universities shut down altogether, others held rallies, prayer meetings or vigils. There were clashes with police on some campuses. On some others, there were indications of support for the move into Cambodia.

Guard On Patrol

National Guardsmen patrolled at the University of Wisconsin in Madison after, police said, more than 35 persons were arrested in two days of window smashing and firebomb vandalism.

University spokesmen estimated 10,000 persons attended a campus rally Tuesday night to protest the President's deployment of troops in Cambodia and to hear a "people's petition" against the Kent deaths. The rally was peaceful but there was vandalism afterward.

Wave Of Protests

The current wave of protests was touched off Monday when National Guardsmen called out by Ohio Gov. James A. Rhodes to control antiwar demonstrations at Kent State, fired into a crowd. Four students were killed.

The Faculty Senate Tuesday blamed Rhodes and his adjutant general, S. T. Del Corso, for the deaths.

Fifteen persons were injured early today when helmeted police armed with clubs and sidearms routed some 500 Seton Hall University students in South Orange, N.J. The students had camped around a street bonfire to protest the war.

Buffalo, N.Y., police fired

tear gas and battled students on the campus of Buffalo State University and nearby streets Tuesday night. The incident involving about 500 students followed similar encounters during the day.

Police also used tear gas and clubs in the state capital building in Austin, Tex., to break up a demonstration by several hundred protesters who had

marched from the University of Texas campus six blocks away.

Classes Suspended

Princeton University faculty voted to suspend classes for the remainder of the semester and took a stand as a group condemning the war in Southeast Asia. They also approved a two-week recess prior to the November election so students can work in political campaigns.

POLICE PUT OUT ROTC FIRE — Madison policemen snuff out a fire of debris in front of the University of Wisconsin ROTC building Monday night after 500 university students set the fire to dramatize their insistence that the U. S. should get out of Indochina. (AP Wirephoto)

Youth Arts Festival

State Youth Symphony To Play Here May 14

"The good works of teenagers need our attention and the constructive, productive, artistic work of teen-agers of Delta County will be offered to the public during this year's Delta County Youth Arts Festival, May 14-17," said Conrad Beck, coordinator, in announcing the program today.

"This is an opportunity to see the good things our young people do," said Beck, "and I hope adults in the area will support these young people with their attendance at all their programs."

Symphony To Appear

Highlighting and beginning the Youth Arts Festival will be a performance by the Michigan Youth Symphony Thursday, May 14 at 8 p. m., at the William W. Oliver Auditorium in the Escanaba Area Junior High School. The symphony, in a four-day tour of the Upper Peninsula, will play in Escanaba, in Marquette on May 15, in Houghton on May 16 and in Sault Ste. Marie on May 17.

Conducted and founded by Orien Dalley, the 125-member symphony is composed of young people from age 12 to 20, and is sponsored by the University of Michigan Extension Service in cooperation with the School of Music.

Jurmu Is Soloist

Fredric Jurmu of Escanaba will be violin soloist with the Symphony as it performs Max Bruch's Violin Concerto in G Minor, Opus 26. The Escanaba Area and the Holy Name High School Choirs, under the direction of Conrad Beck and Rosemary LeMire, respectively, will do two numbers with the Symphony, also.

On Friday, May 15, at 7:30 p. m., at the Escanaba Senior High School Auditorium, a one-act play festival will be presented by Peter Adamini, director, and high school drama students. The plays are "Four Days," "Overtones," and "The Acting Lesson."

Art Festival

An Open House Art Show, directed by John Gustafson, will be held on Friday evening from 7 to 9 p. m., and on Saturday from 1 to 4 p. m., also at the Escanaba Area Senior High School.

The Gladstone High School Band Concert, featuring Clark Terry, guest trumpet soloist, will be held at 8 p. m., Sunday, May 17, at the Gladstone High School. The concert is under the direction of Paul Cowan.

No admission will be charged for any of the events except for the concert featuring Terry, who is with the NBC "Tonight Show" orchestra.

Powers-Spalding Voters Go To Polls On June 8

POWERS—The annual school election for the Powers-Spalding School Districts will be held on Monday, June 8. Polls will be open from 7 a. m. until 8 p. m.

Citizens will be voting for two candidates for the school board for four year terms which expire in June, 1974. The terms of Henry Folcik and Sanford Strand will expire in June of this year.

Monday, May 11, is the deadline for filing nominating petitions for positions on the school board.

Also to be voted upon at the annual election is a request for operating millage, however, the amount has not been set pending the outcome of the special district reorganization election to be held Monday, May 18, between Powers-Spalding and Hermansville.

If this election passes, the annual election scheduled for June 8 will be cancelled and another election for the new consolidated district would be held later this summer. At that time, voters in the new district would vote for a new seven-member school board, transportation, school board salaries, operating millage and the establishment of voting precincts.

This will be the third election on school district reorganization that Powers-Spalding and Hermansville have been involved in the past four years. The first one in 1967 was under Public Act 289, a law specifically designed to reorganize small school districts. Under this law, a majority of all votes cast was necessary for approval, whereas now the election has to pass in each individual district.

This election failed and then just last year, the school districts of Bark River-Harris, Hermansville and Powers-Spalding voted and the measure passed in Hermansville and Powers-Spalding, but failed in Bark River-Harris.

Another public meeting on the proposed reorganization of Powers-Spalding and Hermansville will be held Thursday night at the Hermansville Community Club with both boards in attendance to answer questions about the election. The meeting will begin at 8 p. m. and everyone is urged to attend.

Police On Patrol In City Schools

FERNDALE (AP)—With uniformed policemen patrolling the halls, Ferndale High School has resumed classes after being shut down since Thursday because of racial violence.

Fights broke out between black and white students last week, and officials ordered both Ferndale and nearby Lincoln Junior High closed.

The resumption of classes began with a half-day session Tuesday, with full-day sessions starting today.

Enrollment at the suburban Detroit high school includes 268 Negroes among some 2,550 students.

Burke Reports On Cyanamid's Escanaba Plant

American Cyanamid's international operations and its Escanaba plant related to the expansion of the Mead Corp., paper production center were explained to the Rotary Club Tuesday noon at the House of Ludington.

Charles Burke, Cyanamid's superintendent of the plant at Escanaba, described his firm's growing diversification and expansion. He was introduced by Elmer Bessonen, program chairman. The Rotary meeting was conducted by Club President Thomas Straebel.

Cyanamid has world-wide markets and its major field of products includes chemicals, medical and surgical needs, agriculture, building and consumer products.

At Escanaba Cyanamid will produce alum for use by the Escanaba Paper Co., subsidiary of Mead Corp., in sizing or coating the paper. The alum will be manufactured from bauxite and sulphuric acid. Four persons are new employed here by Cyanamid and this number will increase, Burke reported.

Founded in 1907 in Germany, Cyanamid originally produced synthetic fertilizer. In this country the firm's first plant was near Niagara Falls, N. Y. There are Cyanamid plants on every continent and the executive offices are at Wayne, N. J. The industrial chemical division of Cyanamid is growing fast, Burke reported. This division serves industries producing paper — such as Mead Corp. — and others producing plastics, synthetic rubber, laminates for wall paneling, fibers for carpeting and scores of other products.

Seney

Mr. and Mrs. Ivan McDougal of Tennessee, accompanied by Mrs. Meyers and Mrs. Anderson of Marinette visited recently with Mr. and Mrs. Warren Anderson.

Aba Nelson has returned to Cleveland after visiting here for a few days with his mother, Mrs. Jennie Nelson and Mr. and Mrs. Norman Nelson.

Mr. and Mrs. Russell Bowersox of South Bend, Ind. visited with friends here over the weekend.

Mr. and Mrs. Ed DeRosia have returned from Florida where they spent the winter. They are preparing to open their resort, north of Seney.

Mr. and Mrs. Lowell Maxon and family of the Soo spent the weekend at their home here.

Lutheran ladies are sponsoring a bake and fancy work sale Saturday, May 9 at the Laundromat.

Methodist ladies who attended the district WSCS meeting at Menominee last Tuesday were the Mesdames, William Caffey, Harold Peters, Kate Englund and Pearl Smith.

Mr. and Mrs. Sadler and children have returned to Detroit after visiting here over the weekend with his parents, Mr. and Mrs. Pat Sadler.

Pat Sadler has been dismissed from the Schoolcraft Memorial Hospital at Manistique and is convalescing at his home.

Lee Smith of Warren visited here Tuesday with his aunt, Mrs. Pearl Smith.

SPRING CONCERT — Part of the string section of Escanaba Area High School's Symphony Orchestra is shown above under the direction of Robert Chase. The musicians are, left to right, Debbie Olson, Bruce Turner and Bergit Olson. The symphony orchestra will perform along with the concert band at the annual Spring Concert Thursday at the William W. Oliver Auditorium. (Daily Press Photo)

Spring Concert Slated Thursday

The Escanaba Area High School Concert Band and Symphony Orchestra will present their Spring Concert Thursday evening at William W. Oliver Auditorium at 7:30.

Soloist will be Steve Henslee, who will perform the well-known concert piece for tuba, "Solo Pomposo."

No admission will be charged for this concert, but a free-will offering will be taken to help defray the cost of the Junior High Band Camp at Clear Lake and to provide partial scholarships for high school students to Northern Michigan University and the National Music Camp at Interlochen.

The symphony orchestra, directed by Robert Chase, will perform "Egmont Overture," "Russian and Lucmilla Overture" and the exciting "Movement for Orchestra."

The concert band, directed by John Chown, will perform some unusual music which will include marches, Latin American selections and the overture to the hit musical "Fantasies."

The concert will provide the public an insight as to the progress of instrumental music in Escanaba Area High School.

Air Pollution Study Planned

ANN ARBOR (AP) — A three-month study of air pollution in Ann Arbor is scheduled for this summer by the University of Michigan's School of Public Health.

"Increased attention (to air quality) in recent months leading to an air pollution ordinance before the City Council prompted this survey," said Prof. Paul Giever, associate professor of Industrial Health.

The study will be conducted by five graduate students in the Air Pollution Program in Industrial and Environmental Health.

Giever said about 10 sampling stations would be set up around Ann Arbor to measure wind direction, velocity and the amounts of sulphur dioxide, carbon monoxide, suspended particles and total oxidants found in the air.

He explained that oxidants are irritants in the air which result from interaction among sunlight, various chemicals and the air.

Dr. Bertram Dinman, director of the Institute of Engineering and Industrial Health, said the study will give officials an idea of what Ann Arbor faces and what steps may be needed to anticipate the future situation in the area.

"This research fits in well with our teaching program at the university and will benefit the community as well," Dinman said.

Holy Name Buys New School Bus

The Holy Name High School Board of Education, at its regular meeting last week, accepted bids on a new 66-passenger school bus.

The body bid of the Wayne Body Co., represented locally by M. P. "Marsh" Dupie, and the International chassis bid, submitted by the Escanaba Machine Co., were accepted and contracts were awarded. The new bus should be received and operating for the next school year.

The board also approved the recommendation of Supt. Rev. Vincent L. Ouellette that Holy Name grant diplomas to persons who finish their high school requirements outside the school when requested.

The requirements are usually fulfilled through the General Educational Development courses and tests by servicemen and civilians, or by adult education courses through the Community Schools programs.

Conditions under which diplomas will be issued are: 1. the person must be at least 18 years of age and 2. must have gained at least one-half the credits required for graduation in residence at Holy Name.

Other action by the board included the passing of a resolution directed to the Intermediate School District superintendent

Clean-Up Plans Clearing Campus

Youth Pilgrimage:

Two Delegates Will Be Named

Two young people from local high schools will be sponsored to take part in this year's 21st annual United Nations Pilgrimage for Youth by the Independent Order of Odd Fellows Impellant Lodge 460 and Rebekah Lodge 179, with the selection to be announced Saturday evening, May 9.

The meeting will be held at 7:30 p. m., in the Odd Fellows Hall, 110 N. 10th St., Escanaba, and the public is invited. Lunch will be served after the program.

A total of nine students, three each from Escanaba Area High School, Holy Name High School, and Gladstone High School, will be in competition for the trip award. Two of the nine will be chosen, plus two alternates.

The two winners will travel to New York City where they will be observers at the United Nations Headquarters for a week as guests of the Odd Fellows and Rebekahs, with all expenses covered, including travel.

The competing students are juniors or sophomores, who will not be 17 years old before Aug. 1, and the winners will be chosen by a panel of five judges. At Saturday evening's meeting, each of the nine young people will give a five-minute speech and a brief biography to support their candidacy for the Youth Pilgrimage award.

Mrs. Carl Brinker is chairman of the Rebekah Lodge committee and James Anderson is chairman of the committee on arrangements for the Odd Fellows Lodge 460.

Scholarship, leadership, interest in community welfare, concern in world affairs and general fitness to participate in the Youth Pilgrimage project are all taken into consideration by the judges in making the selection.

While at the U. N. the young

delegates will observe the world-wide organization in action, tour the buildings, hear business conducted in the five official languages, have their meals in the U. N. Delegates Dining Room and interview representatives of member nations.

The Youth Pilgrimage program is approved by the National Association of Secondary School Principals and has been on the "select list" for the past 13 years.

Police Captain Reports Bad Air; Tears From Gas

MUSKEGON (AP)—"The air in this community is getting worse. Just look at my eyes," said Muskegon Police Capt. Arnold VanDam as he arrived for work.

The captain's eyes were red and sore and he was weeping from the irritation. Rubbing did not help and it took the captain 15 minutes to discover the source of his ever worsening problem.

The captain's pocket-sized tear gas container had opened and each sudden movement he made sent a blast of the gas directly into his face.

Family Courts

LANSING (AP)—Rep. William Weber, R-Kalamazoo, has called for establishment of "family courts" in Michigan counties, to handle all civil actions in divorce or separation cases.

All court hearings would be held in private. The court could refer the parties to a counselor and would have responsibility for issuing orders on the custody and care of children, when necessary.

ECLIPSE BLINDNESS — Ann Turner, 15, blinded by the March 7 solar eclipse — she stared at it for four minutes — is learning to cook and participate in other activities at her home in Tipton, Ind. She uses a finger to test whether breakfast cereal is done. She has only faint side vision left. The damage probably is permanent, physicians say.

Engineer Option Enlistment Plan Set Up By Army

WASHINGTON, D. C. — The Army has established an engineer skills enlistment option to attract men already trained in construction and building trade skills.

The option offers direct award of one of 14 Military Occupational Specialties and appointment to grade E-4 or E-5, depending on experience.

Applicants possessing union or civil service certification will be evaluated by an Army recruiter. Those applicants not possessing union or civil service classifications, but who appear qualified, will be evaluated at the nearest U.S. Army installation.

The facilities engineer will test the applicant using the Job Element Rating System and provide a civil service rating. This rating will allow the recruiter to determine the correct grade appointment.

For detailed information, contact SFC James L. Reynolds, U.S. Army recruiter, 902 Ludington St.

Tax Exemption For Churches Irks Douglas

WASHINGTON (AP) — The Supreme Court's approval of tax exemptions for religiously used property comes as tests of various forms of government aid to church institutions are mounting.

As Justice William J. Brennan Jr., noted this week in a concurring opinion, tax exemptions are a far different matter from subsidies. But the top-heavy, 7-1 vote in favor of exemptions may presage high court approval of the entwining of government and religion.

Chief Justice Warren E. Burger's decision for the court rejected any idea that the two spheres can be kept rigidly separate. He said the First Amendment requires a "benevolent neutrality" toward religion. In other words, government is to be neutral, but in a friendly sort of a way.

On the face of it, the doctrine appeared to alarm only one justice, William O. Douglas.

He said independence between government and religion is "the price of liberty." He said tax exemptions may seem a minor form of government involvement in religion and that he failed to see any real difference between a subsidy and a tax exemption.

Above all, Douglas warned that the court's approval could be a long step down the path toward government sponsorship of religion.

The tests will come in cases headed in the court's direction. And in one big one already there.

The latter is an appeal from Pennsylvania that directly attacks state financial aid to parochial and other private schools. The target is a 1969 Pennsylvania law. Receipts from a tax on race track admissions are used to support academic activities in parochial and secular private schools.

The Supreme Court decision was hailed, meanwhile, by Bishop Joseph L. Bernadin, general secretary of the U.S. Catholic Conference. He said it reflected "the historic American attitude which permits religious exercise without governmental interference."

Lon Nol Grateul For Assistance; Asks More Help

PHNOM PENH, Cambodia (AP) — Premier Lon Nol expressed gratitude to President Nixon today for American assistance to Cambodia and urged other nations to help, too.

He issued a statement saying his government notes with satisfaction that the President of the United States of America has taken into consideration... the legitimate aspirations of the Khmer people who desire to live in peace. For this reason the government of Cambodia has declared that it respects the sentiments of President Richard Nixon in his message of April 30 and expresses its gratitude to him.

That was the speech in which Nixon announced U.S. troops were attacking viet Cong and North Vietnamese bases in Cambodia and that the United States would send small arms to Lon Nol's government.

Grant Approved For Eastern U.P.

LANSING (AP) — Approval of a \$9,000 Economic Development Administration grant to the Eastern Upper Peninsula Economic Development District Commission Inc., of Sault Ste. Marie has been announced by Gov. William Milliken.

The money is to hire a fulltime economic development specialist to work with the inter-tribal council to create new jobs in Indian communities.

Campus Death

Four students at Kent State University in Kent, Ohio, are dead, shot down by bullets from National Guard rifles. Another 11 were wounded Monday afternoon, three critically.

An Ohio official, Sylvester Del Corso, adjutant general, said the Guardsmen opened fire after a sniper fired at them from a roof top. Students at the scene said no one fired at the Guardsmen. An Ohio Highway Patrol official denied a National Guard statement that a Highway Patrol officer in a helicopter had spotted a sniper on a nearby building.

The U. S. Justice Department and the National Guard have launched investigations. Kent State University has been closed indefinitely. Students on other campuses have launched other protests to protest the killing of the protesters.

President Richard Nixon said "this should remind us all once again that when dissent turns to violence it invites tragedy. It is my hope that this tragic and unfortunate incident will strengthen the determination of all the nation's campuses, administrators, faculty and students alike to stand firmly for the right which exists in this country of peaceful dissent and just as strongly against the resort to violence as a means of such expression."

Vice President Spiro Agnew, who has been critical of University of Michigan and Yale administrations and of protesters in general, said the events were both "predictable and avoidable."

For the parents of slain students, there is only the pain of losing a son or a daughter.

At the time of the shootings, the Kent State campus apparently was in an extremely volatile state.

Students had swept into downtown Kent Friday evening, breaking windows. Saturday, the university's ROTC (Reserve Officer Training Corps) building was burned down in a \$50,000 blaze. Sunday night, Guardsmen used tear gas and bayonets to disperse a crowd of about 1,000 students. And then came the fatal anti-war rally Monday.

Students were wrong to pitch rocks at the troops. They were wrong in damaging downtown businesses last Friday. They were wrong Saturday night in burning the ROTC building. They were wrong in taking any form of violence.

But if the students were wrong, then perhaps University President Robert I. White and Kent Mayor Leroy Satrom were wrong in refusing to talk to the leaders of the demonstrators.

And, most assuredly, the National Guardsmen who pulled the triggers on their rifles were wrong.

It will take weeks or months to determine exactly what combination of circumstances at Kent State caused those triggers to be squeezed. But somewhere during the course of the investigation someone should ask "why the National Guardsmen were carrying loaded rifles in the first place."

Someone should ask why, if a sniper was in fact firing from a nearby rooftop, were shots directed into a crowd of students on the ground?

Someone should ask how these deaths could have been avoided.

There has been a precept in law that the penalty should fit the crime and the circumstance. A person is not sent to the electric chair for running a stop sign. Similarly, a convicted murderer is not sent home with a mere \$10 fine.

In this instance, although the students may have started the rock throwing or may have provoked into throwing rocks and returning the tear gas canisters, the killing of four students and wounding of 11 more can in no way be justified. An accounting must be made so that it doesn't happen again.

Peninsula Potpourri

Frank W. Mead, superintendent of the Marquette-Alger Intermediate School District was elected chairman of the new Upper Peninsula Area-wide Comprehensive Health Planning Association, to be headquartered in Marquette.

Five Bay City fishermen learned that illegal walleyes from Munuscong bay in Chippewa county are quite expensive — about \$8 per pound in the round. Arrested by Conservation Officer Harold Hammond while they were coming off the ice with 16 illegal walleyes weighing a total of 31 pounds, the five pleaded guilty to illegal possession of walleyes and were fined \$25 each, plus costs of \$25 each, plus a total liquidation damage fee of \$250, making a grand total of \$500 for the five.

A three-year contract covering 153 union employees at Drummond Dolomite quarry and crushing plant on Drummond Island was ratified by members of Local 145 of the United Stone and Allied Product Workers of America at a meeting in DeTour. Total cost to the company over a three-year period will amount to about \$1.16 an hour, according to union estimates. Besides pay raises, the contract provides for institution of the basic steel industry pension plan and an improved insurance program. A raise in shift premium pay begins in the second year of the contract.

Diogenes, the Greek philosopher went around with a lamp looking for an honest man. Greg Shimkovitz of St. Ignace is pulling a switch, going around without his lamp and looking for an honest man who may have found it. Shimkovitz, a sophomore at LaSalle High School, lost his lamp on the way home from Sault Ste. Marie, where he had just placed second in a Michigan industrial education awards program. He planned to enter the lamp in the state finals to be held at Grand Rapids. The lamp, which was in a box, blew off the back of a pickup truck on I-75 near the 8-Mile junction turning off to Moran. By the time the driver could turn around and return to the spot on the freeway where the lamp was lost, Shimkovitz found only the empty box. He's hoping to find an honest driver who may have picked it up or locate a passing motorist who can shed some light on the subject.

Black Panther Tactics Inspire Fear In People

By JOHN CHAMBERLAIN

Rev. William Sloane Coffin Jr., chaplain of Yale University, certainly has a very queer view of man as a moral agent. In the good chaplain's view nobody is individually to blame for his own actions.

Thus, as Rev. Coffin puts it, if Black Panther Bobby Seale is guilty as charged of having given the order to "off" (meaning to rub out) fellow Panther Alex Rackley for "pig-ness," the U.S. as a whole is to blame for putting Seale in his allegedly murderous frame of mind.

The trouble with this way of thinking is that it works any way you want it to work. If nobody is individually to blame for his state of mind, Rev. Coffin will have to let the anti-Panthers off the hook, too. For they have been brought to their way of thinking by the behavior of a collectivity—in this case, the collectivity of the Black Panther organization itself.

Why do people fear the Panthers?

The reason should be obvious to anyone who reads their pronouncements. They want to be recognized as a nation within a nation, responsible to themselves alone. In their own words they are seeking "a United Nations - supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny."

If that is what they want, they have a right to ask for it. But nobody is going to try to create a foreign nation inside the U.S. without sending a sharp tremor of fear through practically every citizen of the country we already have.

The Panthers are organized as a government even before they have attained nationhood. Huey Newton has been their "Minister of Defense." Eldridge Cleaver has been Minister of Information. At one time Stokely Carmichael was the "Prime Minister." Rap Brown was the "Minister of Justice," and James Forman the "Minister of Foreign Affairs." Before Carmichael was "Prime Minister" he was "Honorary Field Marshal."

This is not normal politics — and people naturally fear anything that departs from normal behavior. The Panthers say they want peace, but their party is paramilitary. They maintain arsenals. They began their career in the spotlight by invading the California State Capitol in Sacramento with guns. Bobby Seale led the delegation.

An ex-Panther, Earl Anthony, in a book that is frighteningly titled "Picking Up The Gun," describes the Panther uniform (black leather jacket, black beret). But the "most essential

part" of the Panther outfit, says Anthony, "was the gun. The gun had overnight catapulted the Party into the vanguard of the black liberation movement, thereby shoving the black liberation movement into a new era — the era of the gun."

It does not help very much to explain that the Panthers insist they "pick up the gun" for purely defensive purposes. People are afraid of guns no matter how pure the motives of those who carry them may be. Naturally, if you inspire fear, you will create reflex situations that may burst the bounds of dispassionate fair behavior. The Panthers complain that the police "set them up" for extinction in shoot-outs, presumably by provoking the Panthers to fire first.

But if the police — or the "pigs" — weren't afraid of the Panthers' guns, the alleged impulse to "set them up" would remain quiescent. It is ancient wisdom that those who live by the sword shall perish by the sword.

I am not setting any of this down to prejudice the Panthers'

right to a fair trial. I am only trying to show the Rev. William Sloane Coffin that if "provocation" is an excuse for behavior, the anti-Panthers have their provocations, too.

As an adherent to a sterner view of morality, I would insist that individuals be held responsible for their individual actions. They should not, of course, be prejudged. It would be totally wrong to condemn Bobby Seale or anybody else before proof of a crime.

It also happens to be wrong to condemn a trial as unfair before it has even been held. Judges and juries, too, are innocent until they have been proved guilty.

The Panthers do good things. They feed children. Eldridge Cleaver writes eloquent books, and some of his essays may live as literature.

However, if Panthers are going to threaten to cut off Senator McClellan's head, or kill Richard Nixon, they are going to create fear.

And they will have difficulty obtaining a fair hearing from people they have scared half to death.

Mailing Lists Contain Names Of Most Adults

By JOHN CUNIFF

NEW YORK (AP) — It is unlikely that anything less than 99.9 per cent of the adult American population is on mailing lists of some sort or another, and that can include any of several hundred categories.

If you ever went to school or wrote away for something you're listed. You can't escape. Your name is worth money to thousands of companies. While it may be sold to them for only 2 cents, you are, remember, only one of millions.

Compiled Constantly
Mailing lists are compiled constantly from automobile registrations, telephone books, club rosters, graduation lists, birth announcements, newspaper stories, other mailing lists and surveys.

In some states, automobile registration lists are regularly provided to list assemblies. Some schools, or their employers, will sell graduation lists

to compilers. Owners of lists in one category sell them to companies in related fields.

That they are on mailing lists is hardly news to 99.9 per cent of adult Americans who have become accustomed, with varying degrees of annoyance, to having their letter boxes stuffed with unsolicited mail.

Court Against Plan
Now the Supreme Court has apparently decided that you don't have to sit back and take it any longer. If you don't want to accept this so-called pollution of the mails you may inform the post office that you wish deliveries to cease.

The Post Office, so notified, will then order the mailer to refrain from sending any more materials. Moreover, the mailer will be compelled to delete the complainant's name from his mailing lists.

Originally the right to have one's name deleted from mailing lists was meant to protect recipients from advertisements for sex books, magazines and similar materials. It was incorporated in a 1967 law.

Covers All Mail
In a Supreme Court ruling this week, however, the law seems to have been extended to cover any unsolicited mail, regardless of content. Every individual, Chief Justice Burger ruled, has a right to be left alone.

Logical as this ruling may sound to many Americans, it is certain to be a source of irritation to many companies for years to come. Thousands of legitimate firms are involved in mail order advertising. And billions of dollars in goods are moved by such ads.

Advertisers Angry
The direct mail advertiser forces the recipient to handle his message. Otherwise, the recipient's mail box becomes cluttered with the very material he seeks to avoid.

So why shouldn't he be able to

Contract Bridge

By B. JAY BECKER

South dealer.
East-West vulnerable.

NORTH		EAST	
♠ Q87432	♠ 5	♠ K109752	♠ KQ10643
♥ Q6	♥ 7	♥ 8	♥ 8
♦ K75	♦ 5	♦ AKJ106	♦ A3
♣ J84	♣ 5	♣ A3	♣ J8
♣ 952	♣ 5	♣ A3	♣ A42
♣ QJ109863	♣ 5	♣ A3	♣ A42

The bidding:
South West North East
1 ♠ Pass 4 ♠ Pass
6 ♠

Opening lead — queen of clubs.
The reader may note a marked resemblance between this hand and the one published yesterday.

As a matter of fact, the hand is identical, card for card, except that the diamond queen which was in West's hand yesterday has been exchanged for the club queen which was in East's hand.

The slam was made yesterday by means of an elimination play. It is made today by means of a squeeze.

Let's assume that declarer plays low from dummy on the club lead and East ruffs. Back comes the king of diamonds and South appears destined to lose a heart trick and go down one.

But South plays on, hoping that East, who is marked with the queen of diamonds, also has the king of hearts.

Declarer wins the diamond with the ace and ruffs a diamond in dummy. After he cashes the A-K of clubs and plays five more rounds of trump ending in dummy, this becomes the position:

North	East
♠ 9	♠ K10
♥ Q6	♥ Q
♦ Immateral	♦ A3
♣ J	♣ J

The nine of spades is led and East is up against it for a safe discard.

If he discards the queen of diamonds, South disposes of a heart and wins the last two tricks in his own hand.

If East discards the ten of hearts instead, South discards his jack of diamonds and wins the last two tricks with the A-Q of hearts.

The squeeze is a really marvelous weapon — when handled correctly. It manufactures tricks that do not exist in their natural state.

Long live the squeeze!

Ann Landers

Hubby Goes To Dog, Forgets His Own Son

Dear Ann Landers: Don't print the name of the city or my husband will kill me.

We've been married five years and have a young son and a dog. I sometimes have the feeling my husband doesn't know which is which. He treats his dog like a son and his son like a dog.

On weekends when I ask my husband to run errands, he never fails to take the dog along. His son he leaves at home. After dinner he sits down to read the paper and watch TV. Whenever our little boy wants to sit on his lap he says, "Get off—I'm tired." The next thing I know, he is holding the dog and petting him.

I am becoming resentful of the way he treats our child and I don't know what to do about it. Any suggestions?—Dog-Goned

Dear Goned: You've got two little boys and the older one had better grow up in a hurry or there are going to be some unhappy days ahead for both.

A rejected son can develop some pretty sad personality traits. Homosexuality is one of the better known side effects of paternal abandonment. A father who treats his dog better than his son should not be surprised when he discovers his son despises him.

Dear Ann Landers: Why is it that as soon as a woman gives away the baby furniture, the high chair, and the crib, she gets pregnant? I used to hear about this strange trick of fate and I always laughed—until it happened to me. Why does it always happen?—Not Thrilled

Dear Not: It doesn't always happen, it just seems that way to the person to whom it happens. I am spooked by the coincidence whenever I hear of it. Perhaps "overconfidence" is the key. Write a year from

now. You'll feel better about it I hope.

Dear Ann Landers: I have been married for three years to a man who has accused me of everything from trashy housekeeping to adultery. I can't please him—in or out of bed. Whatever I do is wrong. Whatever I say is dumb. If I invite a couple to dinner he says, "Why did you ask those nuts?" If a Friday goes by and I haven't invited anybody he says, "Why didn't you ask somebody? I get tired of hearing your voice and looking at your ugly puss."

We have no children because he doesn't want any. I'm a key-punch operator and my hours are the same as his, yet he is always looking in the want ads to find me something to do in my "spare time."

I got married at 16 because I didn't like school and I thought being a housewife would be fun. Now I'm fed up with housekeeping and I can't stand my husband. I've suggested that we see a marriage counselor. He says there's nothing wrong with our marriage. I think he is cracked. What do you suggest?—Pamama City

Dear Pam: Nineteen years old and already fed up on marriage. Beautiful. If your husband won't go for counseling, go alone. You're bound to learn something. If you learn the marriage is hopeless because your partner refuses to move a muscle to make it better, I suggest a trial separation.

Drinking may be "in" to the kids you run with—but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze And You — For Teen-Agers Only." Send 35c in coin and a long, self-addressed and stamped envelope with your request.

Thrifty Wife Uses Mini For Wide Tie

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

A thrifty wife is one who can use her discarded miniskirts to make her husband some of those new-fangled wide ties.

Nineteen out of 20 victims of gout are male, and those who have never had this painful affliction think it is funny. But if the situation were reversed and 19 out of 20 of its victims were female, nobody would laugh at gout. This is because any disease which chronically affects women is always treated with great sympathy and respect.

After-dinner speakers are borne, not made.

No matter how mighty man becomes, there is always something to keep him humble. For example, he can construct machines that will take him to the moon and back—but still can't take two wire coat hangers off a closet rack without getting them entangled.

When you make a friend after 40, it's usually because you share his weaknesses rather than admire his abilities.

If all the childless couples in America were forced to accept a three-month divorce, three out of four would immediately remarry at the end of that period. But if the divorce were for two years, only half would.

What's in a name? Women used to slap it on a plate and call it hash; now they cook it in a dish and call it a casserole. But you still have to gamble on

what the contents are. One of the annoying things about wives is that they won't believe a husband even if he swears on the Bible, but will take as gospel truth anything a \$5 fortune teller or tea leaf reader tells them.

About the most helpful thing a young man can learn early in life is never to lend more than \$10 to a guy who wears dice cufflinks. He'll usually cop out. Motto for 1970 college students: "Count that day lost whose setting twilight sun, sees no old riot finished or no new riot begun."

Signs of the times: A major landmark of inflation has passed here practically unnoticed. A major hotel now charges 35 cents to check your hat or coat—and it is payable in advance.

No one feels more that God is against him than a fellow who misses winning the first prize in a church raffle because his ticket had every digit right—except the last one.

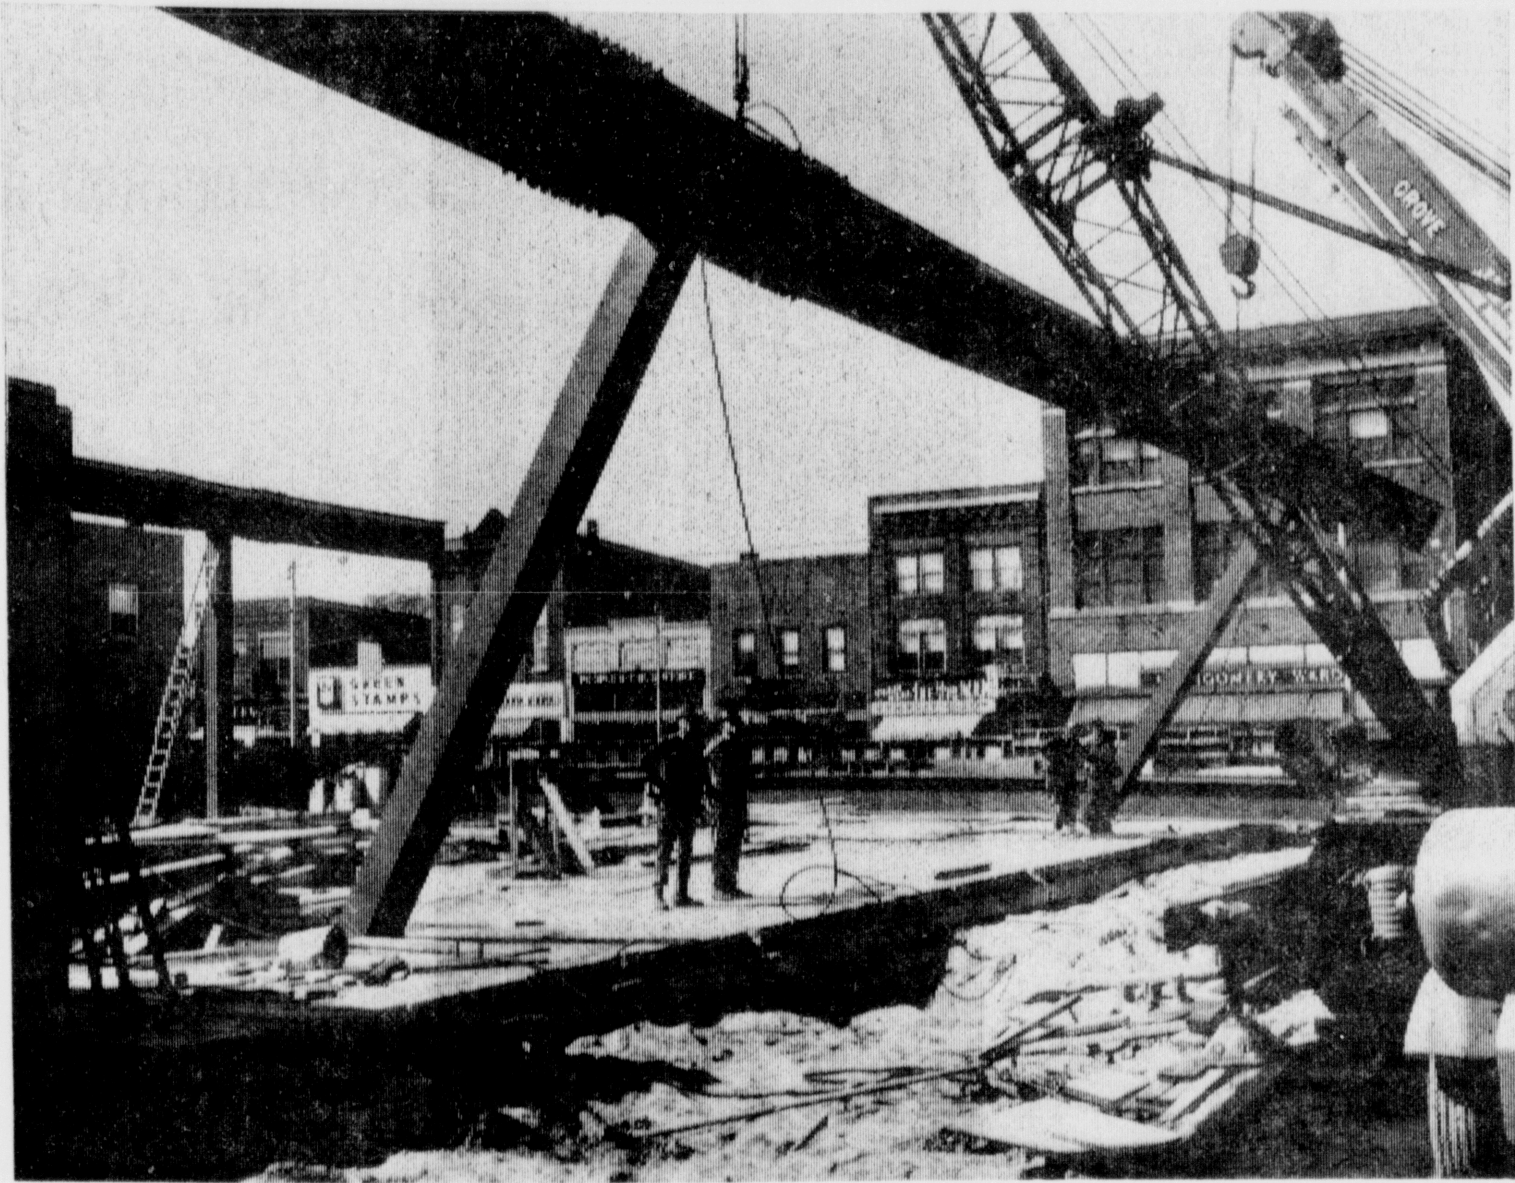

An ambitious thief is one who tried to steal an office clock in the blind hope that it isn't being watched.

The situation in Wall Street is so dismal that some smart brokers are reported quietly lining up the best corners there to set up apple selling booths.

The name dandelion is a corruption of the French dent-de-lion, meaning lion's tooth.

Steel Company Cites Pollution Clean-Up Work

WASHINGTON (AP) — The president of a major steel company said Monday the steel industry has moved far ahead of any others in cleaning up its pollution—without the stepped-up tax incentives it has long demanded.

C. William Verity Jr., president of Armco Steel Corp., told newsmen his company has "put on a campaign" for the past five years for faster write-offs of anti-pollution investments and an increase in the investment tax credit to 20 per cent. "Tax incentives are going to be very important," in fighting

pollution, Verity said. He also said, however, that his firm has almost solved its major pollution problems already—in spite of failure to win the new tax incentives—and should be meeting state and federal antipollution standards completely by 1975.

Stockholders, he said, have generally accepted the need to make antipollution investments. Asked whether this proved additional tax incentives were unnecessary, Verity said many smaller companies had a harder time affording pollution abatement equipment.

He said the steel industry in general would eliminate its air pollution within "the next couple of years" except perhaps, coke plant emissions which are difficult to control for technical reasons.

He declined to estimate how long it would take other members of the industry to clean up their water pollution, because of "horrendous problems" along Lake Erie and Lake Michigan.

The Amazon River has 1,160 major tributaries, 10 of them longer than the Rhine River.

Senate Planning Wayne U. Probe

LANSING (AP) — The Michigan Senate has voted to conduct its own investigation of Wayne State University, to find out why the university's postage meter was used to send marijuana to top state officials.

The investigative committee, urged by Sen. Stanley Rozycki, D-Detroit, is to include five senators and operate with a budget of \$5,000.

Approved by a voice vote Tuesday, the committee should "go through Wayne State University with a fine tooth comb to find out why" the postal facilities were available to those who mailed the marijuana cigarettes and smoking instructions last week.

Dow Appointed Executive V.P. By Panax Corp.

Michael L. Dow will assume the duties of a newly-created position of executive vice-president of Panax Corp. in a realignment of executive duties announced by President John P. McGoff.

Dow has served as vice-president and treasurer since Sept., 1963, when the company was incorporated. As executive vice-president he will be responsible for the total operating divisions of the company.

Clarence E. Rhodes will handle the corporation's public relations and marketing programs as vice-president of that function. Rhodes has been vice-president of the company since Sept., 1963 also, and for the past three years has been in charge of the company's operations in newspaper publishing and printing in lower Michigan.

Eldon C. Gensheimer has also been given new responsibilities. Gensheimer will be the general manager for operations in southern Michigan which include: The Ypsilanti Press; the Associated Newspapers; the Ingham County News; Inco Graphics; and Maintenance Services, Inc. of Ypsilanti.

Gensheimer joined the company in July, 1968, as general manager of the Ypsilanti Press and in Sept., 1969, became regional manager for southeastern Michigan.

Martin N. Heim, formerly general manager of the Mt. Pleasant and Alma daily newspapers, will become the general manager for operations in central Michigan. Heim started as

advertising manager of the then weekly Alma Record in June, 1965.

Panax operating units include: The Mining Journal, The Iron Mountain News; The Escanaba Daily Press; The Daily Times-News, Mt. Pleasant; The Daily Record-Leader, Alma; The Ypsilanti Press; (All Daily Newspapers) The Associated Newspapers, Mellus Newspapers and The Ingham County News (a total of 19 weekly editions); Inco Graphics, Mason and Mt. Pleasant; Maintenance Services, Inc., East Lansing and Ypsilanti; Kalamazoo Printing Machinery Co., Kalamazoo; and radio station WFMK, East Lansing.

Judge Tells U.S. Youth To Stop Breaking Law

DETROIT (AP) — Wayne County Circuit Judge Blair Moody Jr. Tuesday called upon America's youth to refrain from violent law-breaking tactics which he said "begets irresponsible tragic repression."

Moody made his comment in an open letter to the National Student Association in Washington, D. C., pointing out that he was a delegate to the founding convention of the group.

"Those few that wish to destroy the fabric of this land will attempt to use you," Moody wrote.

"Stand firm in your beliefs. Many are sympathetic for and deserve constructive change in our society."

But he added:

"Do not cast aside such strong moral and active support by unlawful short-sighted action."

'I Believe The Earth Can Be Saved'

Governor's Wife Crusades For 'Livable' Environment

By CLINT DUNATHAN

Mrs. William G. (Helen) Milliken is an informed, forceful, and charming crusader for what she calls a "livable" environment.

She is also an optimist, firmly believing that men can and will control pollution of the air, the water and the land.

Michigan's first lady spoke to Delta County Republicans at the House of Ludington Tuesday evening, coming here from Iron Mountain and leaving today for Sault Ste. Marie on what she calls a "swing" through Northern Michigan.

The political aspect, if any, is secondary, for as she pointed out, Gov. Milliken has not announced himself a candidate for reelection — as yet.

Can Be Saved

At the dinner program she was presented by Escanaba Mayor Ron DeVos with a key to the city and "honorary citizenship" and she was introduced by Steve Mitchell, Gladstone High School faculty member. Invocation was given by Dr. William Butt, Bay de Noe Community College academic dean.

Attending also was Rep. Robert Davis, Republican candidate for the Michigan Senate seat being vacated by Sen. Thomas Schweigert.

Mrs. Milliken, a student of landscape architecture, has a keen feeling for the natural beauty of woods and fields and water — but she is a realist also.

"We cannot turn back the clock to the pristine wilderness that once mantled the continent," she said.

"But I believe the earth can be saved — that it can be preserved — habitable for our children and their children — if we have sufficient knowledge and commitment."

Out Of Balance

"We will have to know what the problems are, and have the courage to implement solu-

MICHIGAN'S FIRST LADY, Mrs. William Milliken, was presented with a corsage prior to her appearance at a dinner at the House of Ludington last evening, attended by Delta County Republicans. Pictured (from left) are Mrs. H. R. VonBlaskewicz, Gladstone, vice chairman, Delta County Republican Committee; Mrs. John Reicher, vice chairman, Republican State Central Committee; Mrs. Milliken, and Mrs. William Butt, chairman of the dinner committee. (Daily Press Photo)

tions," she told the audience of about 100 persons.

The Governor's wife cited the measures that have been advanced by the Governor and Michigan Republicans in the assault on pollution, among them the gathering of governors of Middle Western states at Mackinac Island to formulate and coordinate anti-pollution efforts.

Commenting on her own views of man's fight to attain a livable ecology, she said in part:

All Those Bottles

"Every person in this country generates between 5 and 6 pounds of solid waste a day. Our cities and communities are running out of places to dump it. In nature's perfect system of recycling, nothing is lost or even wasted. Man has disrupted this ecological balance, at the peril of his own existence."

Much of this waste "is what scientists call non-degradable" it will not disintegrate. Nylon and plastics are untouched by earth's bacteria.

"The aluminum beer can by the side of the road has a life expectancy of 50 years, and Americans discard yearly some 26 billion bottles."

"The non-returnable bottle may be a symbol of our growing ecological crisis. Perhaps it symbolizes our affluent 'climate of carelessness.'"

As a consumer, I personally would be more than willing to make the extra effort to return bottles to stores — to have the satisfaction of, in a small way, giving earth a chance.

In a meeting with news media prior to the dinner program, Mrs. Milliken:

Voiced support for liberalized abortion laws, noted that other states (most recently New

York) have adopted such legislation.

Campus Unrest

Warmly praised Lenore Romney as a candidate for the U. S. Senate. "She is better qualified than the incumbent, she is a fighter, and she has a very good chance."

Of the unrest on campuses: "I question the use of actual lethal weapons on campuses. Perhaps we might think of law enforcement as it is practiced in England, where officers carry only a night stick, never a weapon."

Proposals to construct a new capitol complex in Lansing threaten the present capitol building: "My personal feeling is that it should be saved. If it were removed, I'm sure it would be replaced by a parking lot — and I think that would be a great loss of an historical structure."

Holy Name To Induct 19 Into Honor Society

The Holy Name Chapter of the National Honor Society will induct 19 new members on Thursday evening at 7:30 in the Multi-Purpose Room of the school. For the first time, the ceremonies will be held in the evening instead of during the school day.

Membership in the National Honor Society is limited to a selected few high school students who exhibit the requirements of Scholarship, Leadership, Service, and Character.

Father Vincent Ouellette, superintendent, will give the main address to an audience made up of NHS members, their parents, Holy Name faculty and school board members, pastors, former teachers. Holy Name honor roll students and friends. The principals, Sister Christine and Brother Mark, will present pins and membership cards to the new members.

Special parts in the program will be handled by the present NHS officers, Steve Kleinman, president; Pat Chaudoir, vice-

president; Mary Jean Johnson, secretary; and Glenn Theoret, treasurer.

Bob McGinn, NHS member and president of the student council, will act as emcee. The new members will be introduced by present members, Lynn Bartoszek, Colleen Cannon, Jim DeGrand, Mary Jo DeKeyser, Mareline Frantz, Peggy Joque, Chris Nault and Connie Schoen.

Seniors who will be inducted for having exhibited the four requirements are Karen Christensen, Greg Gerou, Paul Guentee, Helen Kelly, Ann Taylor and Mark Williams.

Juniors who have been probationary members and will now attain full membership include Beth Knauf, Mary Beth Lipold, Tom Ness, Mark Prinski, Kris Sankovitch and Pat Saykly.

Juniors newly elected to full membership are Connie Jacobs, Steve Juetten, Don LeMire, Mike Lewis, Mary Gail Schram, Lois Viau and Jim Wren.

Workers Honor 'Pet' Picket Line

FRANKFORT (AP) — Workers honored picket lines Tuesday and Monday at the Pet Milk plant in Frankfort in sympathy of a strike in San Francisco.

However, officials in Frankfort, indicating an apparent agreement has been reached, say the workers will be back on the job today and picket lines will come down.

The officials say the dispute was not a strike but merely a work stoppage in sympathy of San Francisco workers at Pet Milk.

Files Suit

FLINT — (AP) — A Genesee Township man employed at Chevrolet manufacturing in Flint has filed suit against General Motors seeking \$50,000 in damages. The suit filed by Louis Alvirat, a six-year employee of the firm, alleges a suggestion he filed in 1967 has been used in different operations for profit by the company. The suit contends the suggestion was rejected twice by the company. It entails modifications of a drill used in production.

County Board Names Public Works Board

By MIKE UTT

The naming of a seven-member Public Works Board topped the list of items taken care of by the Delta County Board of Commissioners at their meeting Tuesday night at the Ford River Township Hall.

Named to the Public Works Board for one-year terms were Jack Miller Jr., of Rapid River and Clayton Kanerva of Rock; two-year terms went to Harold "Spike" O'Connell of Wells Township and Henry Wylie of Escanaba; and Mike Lapine of Gladstone and Bill Taylor of Ford River Township were named for three-year terms.

James "Gus" Stewart of Gladstone, the Delta County Drain Commissioner, was named to a four-year term.

These appointments are effective now but the terms of office will not begin until Jan. 1, 1971. Upon expiration of these terms, new appointments will be made for a three-year term.

The commissioners put off until the next meeting when all members are present, the naming of the members of the Air Pollution Commission. Approximately 50 names have been submitted to the commissioners and the board felt that it would like to take some time to consider the candidates before the nine-member board is selected.

The board also voted unanimously to put some \$5,300 into the general fund for use in the Public Improvement Board. This money comes from T. B. bonds

which have reached maturity and must be cashed. Of the total, \$1,300 is interest that has accumulated over the years.

Discussion of summer hours for the county offices was also included on the agenda of Tuesday night's meeting and the board approved a motion to have the offices open from 8 a. m., until 4 p. m., the same schedule that was followed last summer. Board Chairman Frank Stupak asked County Clerk William Butler to run some sort of survey to determine whether or not people are inconvenienced by these hours.

In other business taken up at the meeting the board reappointed Clayton Ford to the Delta County Building Authority; accepted procedural rules as they are being followed now and went on record as opposing House Bill No. 4682, which would reduce the county's share of income tax.

Charter County Plans Approved

A resolution to establish Delta County as a charter county was unanimously approved by the Delta County Board of Commissioners at a meeting held Tuesday night at the Ford River Township Hall.

The board felt that by adopting a charter, the county would be more efficiently governed according to the needs of the area.

The resolution, which was drawn up by County Clerk William Butler and presented to the board, states that the question of "Shall the County of Delta elect a Charter Commission for purpose of framing and submitting to the electorate, a County Home Rule Charter under the constitution and laws of Michigan?" will be submitted to the registered and qualified electors of Delta County at a primary election to be held Aug. 4.

Candidates for election to the County Charter Commission will also be nominated at the primary election.

Butler announced today that candidates filing for the office of county commissioner must file nominating petitions no later than 4 p.m. on June 16.

The number of signatures needed for the various districts are as follows: Dist. 1-Democrats, no less than 13 and no more than 32; Republicans, no less than nine or more than 36; Dist. 2-Democrats, no less than 14 or more than 36; Republicans, no less than eight or more than 32; Dist. 3-Democrats, no less than 10 or more than 40; Republicans, no less than 11 or more than 44; Dist. 4-Democrats, no less than 12 or more than 48; Republicans, no less than 11 or more than 44; Dist. 5-Democrats, no less than 16 or more than 64; Republicans, no less than seven or more than 28.

Making up the districts are: Dist. 1-Baldwin, Bay de Noc, Brampton, Cornell, Ensign, Fairbanks, Garden, Maple Ridge, Masonville and Nahma Townships; Dist. 2-Gladstone and Escanaba Township; Dist. 3-Escanaba precincts 2 and 3, Bark River and Ford River Townships; Dist. 3, Escanaba precincts 1, 4 and 6; Dist. 5-Escanaba precincts 5 and 7 and Wells Township.

French Vessel Is 1st Foreign Ship At Menominee

MENOMINEE, Mich. (AP)—The first foreign vessel to dock here in more than a decade sailed into the Menominee River harbor Tuesday with a cargo of steel pipe from France.

The 709-foot ocean freighter Rolvi flies the Norwegian flag and her cargo is to be used for gas pipe line to be constructed by the Michigan - Wisconsin Pipeline Co. between Green Bay and Chippewa Falls, Wis.

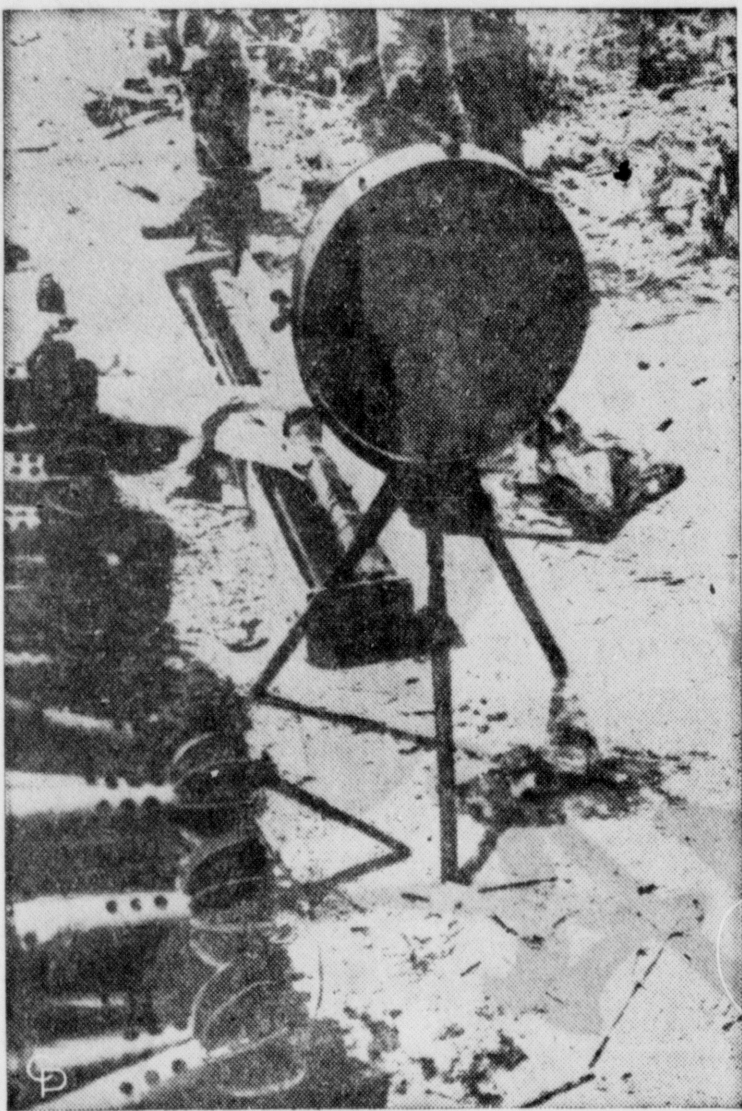

Six more foreign vessels are expected to arrive in this port during the summer, carrying 40-foot sections of 30-inch pipe.

Ford Backs Move Into Cambodia

GRAND RAPIDS (AP)—U.S. House Minority Leader Gerald Ford has reported that the Cambodian invasion was necessary and will be a success.

Ford, a Grand Rapids Republican, said the invasion will accelerate the withdrawal of American troops.

He added that if the Cambodian campaign is not successful, the United States will admit it was a mistake and will pull out.

FOUND IN CAMBODIA — This photo released by the Pentagon in Washington shows a Viet Cong Claymore mine set up for firing that was found in "Parrot's Beak" in Cambodia.

Long Liberation Struggle Seen By Carmichael

GEORGETOWN, Guyana (AP) — Stokeley Carmichael, the American Black Power proponent, says Negroes of the Caribbean and the world face a long struggle for liberation.

"It will be longer than the Vietnam war and more bloody than those in China," he declared at a recent news conference.

Carmichael is on a 10-day lecture tour. His wife, singer Miriam Makeba, came here with him Sunday, but left after giving a concert attended by Prime Minister Forbes Burnham and his wife.

Crime Funds

WASHINGTON (AP) — The government's crime-fighting agency awarded Michigan \$3,908,500 in crime control money Tuesday.

The award by the Justice Department's Law Enforcement Assistance Administration was among \$15.5 million in grants announced by Atty. Gen. John N. Mitchell.

COL. JEAN BURNER, ROTC officer at Michigan State University, looks at debris after rocks and Molotov cocktails were thrown through headquarters windows last Friday night. Police used teargas to disperse 500 persons on MSU campus. Two persons were arrested in anti-ROTC protest. (AP Wirephoto)

Saginaw Worker Doesn't Swallow IRS 'Pay-Up' Bait

SAGINAW, Mich. (AP)—Horace Robart, a Saginaw tool and die maker, filed his income tax return early this year because calculations showed he had a \$312 refund coming.

Robart got a letter from the Internal Revenue Service the other day — but, instead of a check for \$312, he found a due bill for \$80,067 and notification he had five days to pay up.

Robart said today he advised the IRS of the discrepancy and was told that his request for a tax adjustment would be taken under consideration.

Appointment

VATICAN CITY (AP) — Pope Paul VI has named the Rev. Mark Schmitt auxiliary bishop of Green Bay, Wis.

He was born in Algoma, Wis., Feb. 14, 1923, and is presently pastor of St. Bernard's Church in Green Bay. Since 1964 Father Schmitt has also been director of Catholic hospitals for the diocese.

SPECIAL SCHOOL ELECTION

NOTICE OF SPECIAL ELECTION OF THE QUALIFIED ELECTORS OF HERMANVILLE PUBLIC SCHOOLS MENOMINEE COUNTY, MICHIGAN TO BE HELD MAY 18, 1970

To The Qualified Electors Of Said School District:

Please Take Notice that in accordance with the provisions of Chapter 3, Part II of the School Code of 1955, the Superintendent of Menominee County Intermediate School District, Michigan, has directed that a special election of the qualified electors of Hermansville Public Schools, Menominee County, Michigan, be called and held on Monday, May 18, 1970.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A. M., AND CLOSE AT 8:00 O'CLOCK, P. M.

The following proposition will be submitted to the vote of the electors qualified to vote thereon at said special election:

Shall all of the territory of the following districts be united to form 1 school district?

Hermansville Public Schools, Menominee County, Michigan

Powers-Spalding Public School, Menominee County, Michigan

The VOTING PLACES ARE AS FOLLOWS:

PRECINCT NO. 1

Voting Place—Library Room of the Community Club Building

PRECINCT NO. 2

Voting Place—Library Room of the Community Club Building

Only resident qualified school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

This Notice is given by the order of the Board of Education of Hermansville Public Schools, Menominee County, Michigan, in accordance with the notice received from the Superintendent of Menominee County Intermediate School District, Michigan.

Louis Menard

Secretary, Board of Education

Mass Pesticide Ban Announced

WASHINGTON (AP) — The Agriculture Department announced Monday a ban on 60 pesticides for some uses on food and livestock feed crops as a house-keeping move against chemicals for which no safe tolerances have been set.

The cancellation order involved federal registration of a variety of insecticides, fungicides and herbicides which had been on the books for control of pests on livestock, poultry, vegetables, fruits, forage and cereal grains.

Department officials said the chemicals had been registered for certain uses on a "no residue" basis, meaning that no traces of the chemicals were permitted on the products.

The list included cancellations for uses such as aldrin in banana and safflower crops; dieldrin on cotton; heptachlor on chestnuts and cranberries; methoxychlor on celery; and toxaphene on clover and sugar beets.

Market Plunges To 6½ Year Low

NEW YORK (AP) — Stock market prices sank Tuesday to a 6½ year low. Analysts blamed the drop on investor concern about Cambodian developments and continued high levels of inflation.

The Dow Jones average of 30 industrials declined 4.82 points to 709.74, its lowest level since Aug. 9, 1963 when the blue-chip indicator stood at 708.39.

In Monday's session, the Dow average had plunged 19.07 points for the sharpest loss since President John F. Kennedy's assassination on Nov. 22, 1963 when it lost 21.16.

Massive snowslides killed more than 70 persons in Alpine ski resorts and villages in February. A general avalanche alarm was issued throughout the Swiss, Austrian, Italian and French Alps.

Senior Citizens Not Affected By Blue Cross Hike

LANSING (AP) — The Blue Cross - Blue Shield rate increases approved last week by the Michigan Insurance Bureau did not affect the Medicare supplement coverage for senior citizens.

However, rates for the Medicare supplemental coverage provided by Blue Cross and Blue Shield increased some 10 per cent as of April 1. This increase had been approved by the commission in December.

A spokesman for the insurance bureau said the increase resulted from changes in the Medicare benefit structure.

The increases announced Friday affected other contracts—the basic quarterly agreements.

Freed From Ionia; Inmate Seeks Job

LANSING (AP) — Bill Lee Bary, 39, whose confinement at Ionia State Hospital was termed "shocking" and "inhuman" by a judge, is looking for his first job in 14 years.

Bary was released by the hospital to outpatient status. In January, Wayne County Circuit Judge Horace Gilmore upheld Bary's contention that he received no psychiatric treatment in the 14 years he was confined to Ionia State Hospital as a criminal sexual psychopath.

In his decision, Gilmore said that Bary never received more than custodial care. Bary was committed to Ionia in 1955 when he pleaded guilty to a charge of gross indecency in the sexual

molesting of three boys. Bary was committed under a state law, since repealed, that sent sexual psychopaths to the hospital rather than prison.

In addition to ordering the Michigan Department of Mental Health to give Bary "adequate treatment," the judge also overturned Bary's guilty plea. The judge said that Bary did not have an attorney in 1955 and was not advised of his constitutional rights.

The maximum penalty for the charge is 10 years in prison.

Dr. E. G. Yudashkin, acting director of the Michigan Department of Mental Health, said Monday he did not believe Bary required individual psychotherapy. He said Bary was essentially free of the symptoms of sexual psychopathology.

Yudashkin said that Bary would have "been released long ago if I had seen him."

A hearing is still scheduled May 25 by Judge Gilmore for a final judicial decision on Bary's claim he was not given proper treatment.

Driver Killed

MOUNT PLEASANT (AP) — Stanley Miller, 17, of Mount Pleasant, was killed Monday when his auto went off a curve in Mount Pleasant and overturned. He was alone.

Wharton Says Indochina War Serious Error

EAST LANSING (AP)—Michigan State University President Clifton Wharton said today the expansion of the Indochina war into Cambodia is a "serious error and miscalculation."

Wharton made his statement in a video-taped message broadcast to MSU classrooms in the afternoon. He proposed that petitions be circulated to determine campus opinion on the war.

Referring to his background as a civilian agricultural advisor for many years in Southeast Asia, Wharton declared:

"Throughout my work there, my two greatest concerns were those of finding solutions to the grave problems of poverty which affect the masses of poor farm people and of sustained economic development as the mainstay of a stable peace."

"While I personally have sought to promote these goals, military actions unfortunately have been viewed as more important than land reform; counter-insurgency as more strategic than a fair price for farm products."

"Now once again a president has unilaterally taken a step of expanding the war without prior consultation with our foreign friends or without the approval of the United States Congress."

"Based on my experience in Asia I am firmly convinced that the new expansion of the war is a serious error and miscalculation."

Wharton said he could not speak for the entire university community, and he suggested that a petition drive could be started to measure the sentiment—pro and con—of the community.

"These petitions could then be presented to the Michigan delegation in Congress as clearcut and indisputable evidence of the sentiments of MSU people," Wharton said.

More people get more news from newspapers than all other sources combined.

Meat Inspection Bill Given Okay

LANSING (AP) — Michigan would expand its meat inspection program to processing plants and avert a federal takeover under a bill passed Tuesday in the House of Representatives.

The measure, approved 86-0 with little debate and sent to the Senate, would add plant inspection to the already effective program of state inspection of slaughterhouses.

Michigan must have a full inspection program — including both processing plants and slaughterhouses—by Dec. 15 or the federal government will take over the inspection.

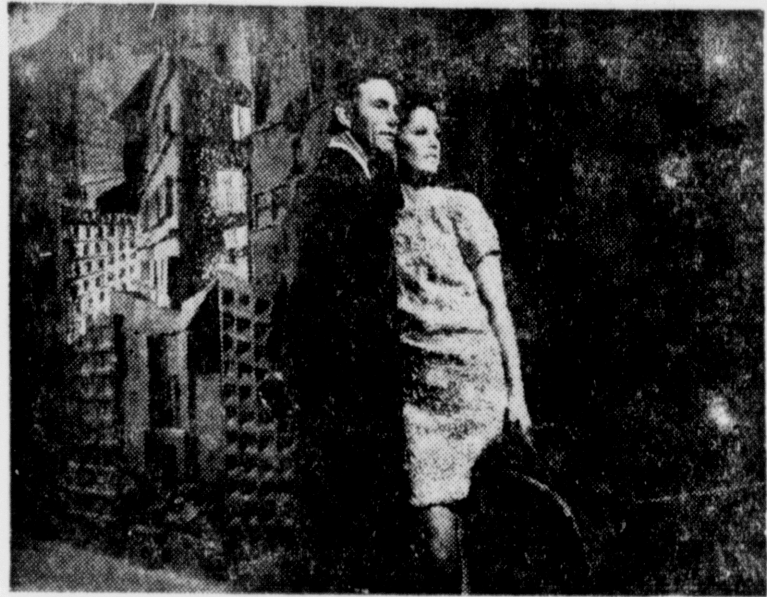

Representatives of the Michigan meat industry generally back the inspection bill, because, they say, they would have a better chance of staying in business if state officials conducted the inspections.

State inspectors, they say, might be willing to settle for slightly lesser standards — a 15-foot "bleed rail" instead of a 16-foot rail — as long as the meat quality were not affected.

Law Stable

LANSING (AP) — The Michigan State Department says motorcyclists will not be required to get special, new endorsements to operate their bikes until they renew regular driving licenses. Under a new law effective June 1 motorcyclists will be required to have a special exam and authority to ride, but that only applies to new licenses or renewals issued after that date.

When you plan your next visit to an art museum—come to Chicago's Sherman House

Downtown hotel turned cultural? Not quite, but we do have a great new work of art.

Henri Azaz did a sculpture for our lobby. And when he creates—he doesn't kid around. We ended up—with a wall.

But not just any wall. Some people call it the Great Wall of Sherman House. Why not come see why?

And while you're there, stop in at any of our Nightspots—the College Inn, Well of the Sea, The Scuttlebutt, The Celtic and the Dome.

So come to Sherman House for entertainment and fun. And we'll throw in a little culture at no extra cost!

Leave Nature's Children Alone, Biologists Urge

The Department of Natural Resources today renewed its annual reminder to leave nature's springtime babies alone.

Young animals and birds need their real mothers to stand the best chance of survival, biologists pointed out and chances are that the mother is usually nearby. It also is against the law to possess protected wild animals and birds out of season, and violators will be subject to prosecution, officers warned.

"Do Michigan wildlife a big favor and leave the newly born birds and animals alone," the department said.

Spring also is one of the worst periods of the year for striking deer on Michigan highways and great caution is urged, particularly during early morning and evening drives.

Deer have come through a long, tough winter. Deer autopsied since April 1 have shown

the effects of this in their very poor physical condition, biologists reported. The great majority of those autopsied have been very emaciated with body fat reserves depleted and bone marrow fat reserves at very low levels. Their thin condition is concealed by their heavy winter coat which will soon be shed.

Adult bucks and does in many areas of the district as well as fawns give evidence of poor physical condition. This is a bad omen for the production and survival of fawns this June.

Fishing-wise, it appears that steelhead and suckers highlight the picture with the steelhead now present in most Lake Superior streams and the suckers in both Lake Superior and Lake Michigan streams.

Perch fishing still continues fair at Garden and Kates bays but has tapered off at Masonville. Smelt runs are over. Trout lakes are free of ice and some are producing quite well. Stream success has been good on the Escanaba River system and elsewhere on smaller streams.

Fishermen, as well as other users of forest lands and waters, were reminded to observe good house-keeping practices while in the forests. Promiscuous depositing of refuse and rubbish is unsightly, unsanitary and hazardous, as well as illegal, officers said.

National Guard Begins Withdrawal At Kent State

(Continued From Page One)

19-year-old student photographer Monday. The photographer, Terrance B. Norman, was quoted in a university statement as saying he had been asked by the FBI and university police to photograph the disturbances and had been handed press credentials by the police.

Camerman Opens Fire?
Norman, the statement said, was beaten by demonstrators and waved the gun in self-defense. The school said the gun had not been fired. But a man identifying himself only as a special officer for Portage County said he saw a cameraman firing his pistol between the advancing guardsmen and the crowd of students.

Canterbury said it was standard practice for guardsmen to carry loaded weapons at the scene of disturbances, but that Kent students had not been specifically informed of the practice.

Not Ordered To Fire
Canterbury said the Guard did not consider warning shots a generally good practice. He said guardsmen were not ordered to fire, but may fire if they feel their lives are endangered. Canterbury, who was with the force of some 100 guardsmen involved, said all were bruised by thrown rocks and "I felt I could have been killed out there."

The faculty Senate's resolution said:

Refuse To Teach
"We cannot keep the civil authorities from assuming control of our campus, but we can—and do—refuse to teach in a climate that is inimical to the safety of our students and to the principles of academic freedom."

The resolution went on to blame Ohio Gov. James A. Rhodes and Del Corso for the deaths, saying, "We hold the guardsmen, acting under orders and under severe psychological pressure less responsible for the massacre than our Gov. Rhodes and Gen. Del Corso, whose inflammatory indoctrination produced this pressure."

University President Dr. Robert L. White told reporters that "at this time, it is not possible to say when a reopening can occur."

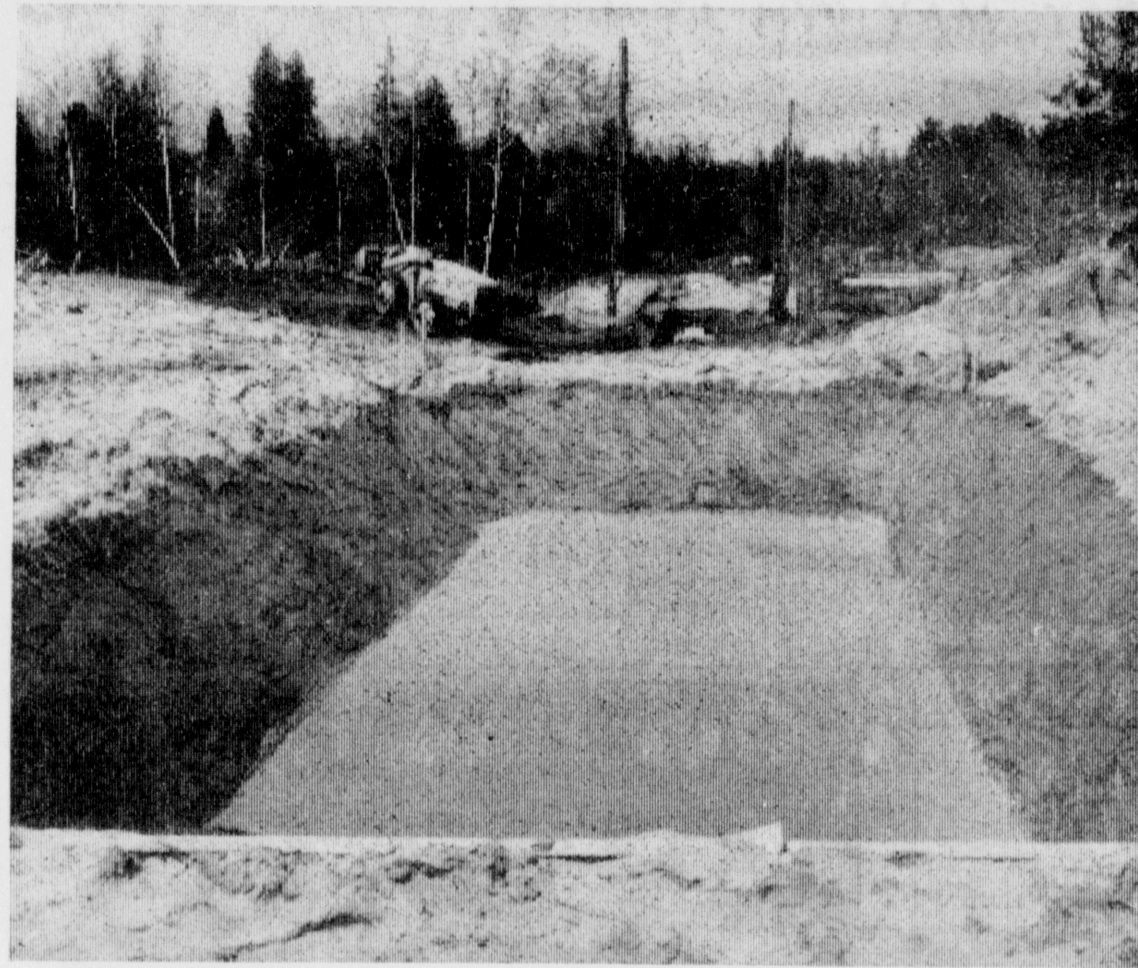

Students Sent Home
Except for about 200 foreign students living in off-campus housing, Kent State's 19,000 students had been sent home.

Officials at Robinson Memorial Hospital in nearby Ravenna said three students wounded by rifle fire and previously listed in critical condition had improved. In all, 10 students were injured. Two guardsmen were treated for exhaustion and shock.

Portage County Coroner Dr. Robert Sybert said the bodies of the four dead students had been released to their parents.

In Service

Marine Sgt. Gerald L. Picard, son of Mr. and Mrs. John Picard Sr. of 226 N. 12th St., is home on leave after serving 13 months in Vietnam. Sgt. Picard, who was stationed in DaNang, will report to North Carolina on May 17.

BURIAL PIT — Construction of a concrete vault, 10 feet wide, 20 feet long and four feet deep, to permanently seal the residue from the Bay de Noc Community College chemistry laboratory fire on April 18 was completed Tuesday and the relocation and resealing operation of 98 plastic-lined, steel drums containing the residue was completed today. The vault is located in Escanaba's sanitary land fill. (Daily Press Photo)

900 Pollution Counts Facing Oil Company

NEW ORLEANS (AP) — In the first action of its kind, a federal grand jury has indicted a major oil company on charges arising from a massive offshore oil spill.

The Chevron Oil Co. was cited Tuesday on 900 counts of willfully violating government regulations aimed at preventing pollution from oil wells drilled at sea.

Conviction on all counts could result in fines totaling \$1.8 million.

In Washington, Interior Secretary Walter J. Hickel, who had asked for the grand jury probe of Chevron's offshore operations, said enforcement of federal oil well safety rules is going to be strict.

"We will be fair but we will be tough," said Hickel. "The future of our environment is at stake in those offshore areas which are precious for many other resources besides oil and gas."

The grand jury said Chevron knowingly and willfully failed to install and maintain storm chokes or similar subsurface control devices on 90 oil wells off the Louisiana coast in the Gulf of Mexico.

"We are confident that when the case is tried, we will be completely vindicated," said K. H. Shaffer of New Orleans, president of Chevron.

The company is owned by Standard Oil of California, one of the nation's biggest oil firms. The indictment stemmed from an investigation which began March 31—the day Chevron finally capped the last of a cluster of wild wells connected to a platform standing in 40 feet of water, 30 miles off the coast. The area is about 75 miles southeast of New Orleans.

A fire had erupted on the platform Feb. 10, touching off a gush of oil and gas which burned until the flames were snuffed out by a dynamite blast March 10. For the next 21 days, the oil spewed into the Gulf while specialists struggled to tame the wells.

Indictments against Chevron were the first under the Outer Continental Shelf Lands Act of 1953, which provides a maximum \$2,000 fine for each day of each violation.

Canada Testing 'Fish Fry' Menu

TORONTO (AP) — Samples of the stock of Lake Erie perch served to members of the legislature at a "fish fry" April 20 are undergoing tests to determine if there was a high level of mercury contamination, the legislature was told Tuesday.

Rene Brunelle, Lands and Forests minister, said the perch served had been cleared of contamination by federal inspectors. But he said federal tests are made of "sample lots" of fish taken from Lake Erie, not each individual fish. Results of the tests made of the perch supply for the fish fry were not yet completed.

The fish fry was staged to dispel public fears that Lake Erie perch were unfit to eat. It followed federal seizure of Lake Erie perch for mercury contamination tests, and a subsequent federal order to ban export sale of Lake Erie catches.

Millage Okayed

BERRIEN SPRINGS (AP) — Voters in the Berrien Springs school district approved a three-year, 3.2 mill school operating tax renewal Monday. The vote on the proposal was 407-207.

Bay College Seals Fire Ash, Residue

Bay de Noc Community College, in cooperation with city, state and federal agencies, completed the resealing operation on the canned residue from the college chemistry laboratory fire of April 18.

Concerned that the ash and residue from the fire might be potentially hazardous, State Health Department engineers had directed that the residue be permanently sealed in an approved concrete vault.

Capt. Gordon Schuller, commanding officer of the 83rd Ordnance Detachment, Twin Cities Ammunition Plant of New Brighton, Minn., was called in by the State Health Department to assist in the evaluation, relocation and resealing operation completed today.

The City of Escanaba, which provided temporary facilities for burial of the plastic lined drums, also donated the permanent site in the sanitary land fill area for the construction of the concrete vault.

Construction of the concrete vault was accomplished by Olson and Flatt, building contractors for the college's Vocational Technical building.

The vault is 10 feet wide, 20 feet long and four feet deep. No. 10 wire mesh was used to reinforce the base and walls, which were poured to a thickness of four to six inches. After a period of 24 hours for

Briefly Told

Elks House Committee will meet tonight at 7:30 in the clubrooms.

Bark River Volunteer Fire Dept. will meet at 8 p.m. Thursday at the fire hall.

Robert W. Mephals of Florence, Wis., Peter A. Stimac of Trimountain, Philip R. Gehloff of Florence Wis., and Clarence F. Smith of Morton, Ill., all were fined \$5 and ordered to pay \$9 costs in District Court after pleading guilty to fishing without a license.

State Police arrested four minors for illegal possession of alcoholic beverages in Wells Township about 2:45 a.m. today. Jack Lacarte, 19, Rte. 1, Cornell and Raymond Couillard, 20, Rte. 1, Cornell, were ordered to appear in District court and two juveniles were issued notices to appear before the probate court, officers said.

Menominee County Library's bookmobile will make the following tours next week: Monday-East Carney, Seventh Day Adventist Area, Wilson; Tuesday-West Daggett, Chalk Hills, Banat, Gardner, Faithorn; Wednesday - Daggett School; Thursday - Powers School; Friday-Hannahville 11 a.m. to 12:30 p.m., Bark River Village 2 to 5 p.m.

Escanaba High School Class of 1935 is planning a reunion this summer and needs to locate the following persons: Rodger Jensen, Major John Andrews, Mrs. Jean Wright, George Papineau, Mrs. Maria Eagle, Clyde Norton, Mrs. Henrietta Bloom and Claude Pillion. Anyone knowing the addresses of these persons may contact Leslie (Dutch) Peterson, 1415 Stephenson Ave., Escanaba.

Safety Funds
LANSING (AP) — Eaton County will receive \$1.5 million from the state in reimbursement for two-thirds of the cost of its 1969 Marine Safety Program. Sen. Emil Lockwood, R-Elm Hall, announced Tuesday.

Big Mac Revenues Decrease In April
ST. IGNACE, Mich. (AP) — The Mackinac Bridge Authority reported Tuesday both traffic and revenues dropped in April from last year's levels.

Officials said traffic was down more than eight per cent, and revenues fell 2.7 per cent.

For the first four months of the year, however, traffic was up more than 12 per cent and revenues increased 7.1 per cent over the same period of 1969, officials said.

hardening of the walls and base, the 98 steel, plastic-lined containers were transferred to the vault.

The entire vault and potentially hazardous material was then inundated with concrete. All that remains visible is a 10 x 21 foot concrete pad. That pad is four feet deep and contains the 98 plastic-lined, steel drums and more than 50 yards of concrete.

Its considered opinion of every official in health and public safety that any possibility of chemical combination by reason of the unknown nature of the residue of the fire has now been removed by the vault-like seal placed about the containers.

Truck Drivers Dodge Bullets

JACKSON, Mich. (AP)—Four steelhauling trucks were hit by gunfire early today in the west-bound lane of I 94, the main thoroughfare between Detroit and Chicago, State Police reported.

None of the drivers was injured in the shootings, which appeared to stem from a three-way dispute involving the Teamsters Union, rebellious steelhaulers who own their trucks and drivers working for steelhauling cartage companies.

None of the trucks involved was driver-owned.

The first incident occurred around 1:15 a.m. when a truck driven by Leo G. Bean, 43, of Sherwood, Mich., was hit in the radiator by two shots fired from an overpass at Race Road about five miles east of this southern Michigan city.

Bean's truck was one of four steelhauling trucks owned by McNamara Motor Express of Kalamazoo which left Detroit for Kalamazoo Tuesday night.

A second McNamara truck driven by Douglas Hunt, 39, of Vicksburg, Mich., was hit five times by gunfire about a half hour later at 26 Mile Road, 21 miles west of Jackson, police said.

The two other McNamara trucks arrived safely in Kalamazoo.

A truck headed for Chicago from Great Lakes Steel was hit twice by gunfire at about 3:15 a.m. at Rawsonville, Mich., about 50 miles east of Jackson. The vehicle owned by Eastern Trucking Co. was driven by Donald Gibbs, 28, of Three Rivers, Mich.

Another steelhauler, Jack Thompson of Columbus, Ohio, said his truck was forced off the road by a car with a man having a pistol on I 75 near Telegraph Road in the Detroit suburb of Taylor. Thompson told police he was fired on last week while driving in Ohio.

The Teamsters Union announced in Washington Tuesday that the votes of some 12,000 steel haulers in five states will be counted separately from the rest of approximately 415,000 truck drivers voting this week on a proposed three-year contract.

Big Mac Revenues Decrease In April
ST. IGNACE, Mich. (AP) — The Mackinac Bridge Authority reported Tuesday both traffic and revenues dropped in April from last year's levels.

Officials said traffic was down more than eight per cent, and revenues fell 2.7 per cent.

For the first four months of the year, however, traffic was up more than 12 per cent and revenues increased 7.1 per cent over the same period of 1969, officials said.

Sudbury Good Example Of Mining Pollution

SUDBURY, Ont. (AP) — The bleak countryside around this world nickel capital offers a textbook example of the ultimate effects of industrial pollution.

The natural rock formations of the mineral rich terrain are complemented by slag heaps. Mile after mile is totally devoid of vegetation and only the tall chimneys of the huge nickel smelters destroy the impression of a lunar landscape.

Desolation Manmade
The desolation is manmade but most of the damage was done before International Nickel and Falconbridge, the two ma-

nor nickel producers, were born. It resulted from the primitive technology employed by the pioneer companies when nickel was first mined in the area in 1883.

In order to remove sulphur dioxide, the ore was roasted in open fires, which had to be fed with huge quantities of wood from the surrounding area.

After the trees were felled, lumbermen returned to dig up the rotting stumps, which were used to damp down the fires to provide a more even heat. The intensive operation, abetted by forest fires, eroded the topsoil and the land became sterile.

Process Abandoned
The roasting process was abandoned as uneconomic in the 1920s and Inco and Falconbridge built their smelters. They deposited their tailings, or rock waste, on the already devastated territory.

The smelters created new problems. They poured liquid waste into creeks leading to Kelly Lake, a few miles southwest of Sudbury, which became a sewage lagoon or municipal cesspool. And their chimneys filled the air with sulphur dioxide.

For decades, Sudbury was content to live with the effects of the pungent gas, which produced acidity in rain water, corroding buildings and metal, reducing the fertility of the already unproductive soil and occasionally pervading the city with its unmistakable odor.

Solution Sought
As the community became more pollution conscious, Inco and Falconbridge researchers sought solutions. Both companies introduced extraction methods to reclaim some of the gas, Inco marketing it as liquid sul-

phur dioxide and sulphuric acid and Falconbridge producing pure sulphur.

A year ago, Inco announced plans to replace its chimneys, ranging from 350 to 615 feet in height, with a 1,250-foot smokestack, the world's highest which will release its fumes at high velocity to an altitude of 4,000 feet. High winds at that height are expected to help disperse the gas.

The \$13-million project was described as "only an interim measure" by Don Fraser, assistant general manager of the company.

Fear Inheritance
Although Inco was confident that the gas would be effectively dissipated at the higher altitude, the plan was greeted with apprehension by such communities as North Bay, 79 miles to the east, which feared it would inherit the problem.

The city of Sudbury, under vigorous prodding from the Ontario Water Resources Commission, pushed ahead at the same time with plans for a municipal sewage disposal plant big enough to handle the liquid waste of the nickel companies as well as the requirements of its 85,000 residents and those of satellite communities.

Method Devised
And lately, Inco scientists have begun doing something about Sudbury's original blight. They have devised a method of seeding part of the smelter's eroded waste-disposal area with a mixture of grass and fall rye, enabling the sturdier grain to protect the grass in its first two years of growth.

With careful fertilization, 500 acres have been converted to grassland, and tree growth has begun on the grassed areas.

Abortion Measure Showdown Nears

LANSING (AP)—Amid talk of mercy-killing and murder, the Michigan Senate moved today toward a showdown vote on abortion law reform after soundly defeating a plan to leave the state with no restrictions on termination of pregnancy.

Turned down 30-7 Tuesday was a bill, part of a four-measure package, that was aimed at striking mention of abortion from Michigan criminal law.

If approved, the package sponsored by Sen. John McCauley, D-Grosse Ile, in effect would have repealed the current law which allows abortion only when the life of the mother is endangered.

Both opponents and proponents, meanwhile, predicted a "neck and neck" battle over the reform measure that would allow any woman resident of Michigan to obtain a legal abortion for any reason during the first 90 days of pregnancy.

Women backing reform packed the Senate gallery during Tuesday's debate, as a move to table the pending bill was narrowly defeated, 16-14.

Sen. Charles Youngblood, D-Troit, tried to remove the bill from Senate consideration, saying that Speaker William Ryan had indicated the House would not act on the question until after the Aug. 4 primary and after the U.S. Supreme Court was expected to rule "within about six months" on an abortion case.

"What the House does is not important to us," countered Sen. N. Lorraine Beebe, R-Deerborn. "This is a blatant attempt to kill this bill," charged Mrs. Beebe, only woman in the Michigan Senate.

"All you're saying is that what the women have done (to lobby for passage of the bill) was an exercise in futility," she

said. "But women are going to look beyond the abortion question," Mrs. Beebe warned, and "Hell hath no fury like a woman's anger."

Abortion reform opponents, with "right to life" signs pinned to their coats, also moved through the Capitol Tuesday, some passing out literature that told of "three ways to murder a baby."

In graphic detail, the publication spoke of an abortion method by which a person inserts "a large forceps and drags out the baby and the afterbirth. He gives a tug—a tiny arm comes away..."

The literature asked: "Who but one with a heart of steel, a heart dead to all decency, a heart bereft of all humanity, could read of (abortion) without utterable horror, and without unspeakable shame that human nature could so degrade itself?"

"Let us give abortion its rightful name," the publication said. "It is murder."

Two Injured In Traffic Mishaps
Two persons were injured, neither seriously, in separate traffic accidents in Escanaba Tuesday, it is reported by city police.

Kevin DeMerse, 7, of 226 S. 22nd St., was hurt when he rode his bike into the path of a vehicle driven by James A. DeMerse, 23, of 404 S. 13th St., at 7:16 p.m. The accident occurred in the 200 block of S. 22nd St.

Officers took the injured boy to St. Francis Hospital for treatment. He was not hospitalized.

Julie LaPalm, 14, of 330 N. 13th St., suffered a bruised nose when the car in which she was a passenger, driven by Beverly T. Weissert, 330 N. 13th St., struck a parked car. The accident was in the 900 block of Sheridan Road at 10:21 p.m.

Damaged were two parked cars, owned by Frank G. Gajeta, Escanaba, Rte. 1, and Clarence G. Sturdy, Gladstone, Rte. 1.

Laird Explains Hit-Run Plans In Cambodia

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird said today the aim of the allied forces in Cambodia is to destroy the enemy's base facilities and get out "as quick as we can."

Laird told an impromptu news conference "we are not going to become bogged down" in Cambodia, where U.S. and South Vietnamese forces are embarked on a major drive to clean out North Vietnamese sanctuaries.

He said this in obvious reply to critics who have accused the Nixon administration of widening the Vietnam war and risking the mingling of American troops in Cambodia in a long campaign.

The defense secretary insisted the operations against the sanctuaries will be of short duration, about three to six weeks.

"We are not going to be occupying any of this territory," Laird said.

At the same time the defense secretary told newsmen that the four large scale air strikes into North Vietnam last weekend were made so the North Vietnamese "would understand we expect them to live up to their understandings" not to attack unarmed U.S. reconnaissance planes.

Market Falters After Steep Rise

NEW YORK (AP) — The stock market continued falling back from its steep early gain but remained on the plus side early this afternoon. Trading was very active.

At noon the Dow Jones average of 30 industrials was up 7.13 to 716.87, after having been up more than 15 earlier.

Most of the sharp rise came during the opening few minutes, apparently in response to the Federal Reserve Board's reduction Tuesday of the margin requirement for stock purchases. Analysts said the later decline was due to profit-taking.

Analysts said the reduction to 65 per cent from the previous 80 per cent margin requirement level sparked a technical rally.

The first hour's turnover of 3.18 million was the heaviest since Oct. 22, 1969, when 5.7 million shares changed hands the first hour.

Advances led declines by a margin of 11 to 1.

At noon, the Associated Press 60-stock average was up 3 to 232.7, with industrials up 4.9, rails up 1.2, and utilities up 1.3.

Stocks in all categories except oils were generally up. These included steels, motors, mail order-retail, aircraft, electronics, utilities, metals, chemicals, glimmers, rails and airlines.

Chrysler Corp. Set To Operate If Strike Ends

DETROIT (AP) — Chrysler Corp. planned to resume full production at three Detroit-area plants today, if disgruntled truck drivers return to work as instructed by United Auto Workers Union officials.

Chrysler placed 14,000 production employees on reduced shifts Tuesday for the second straight day when interplant truck drivers of UAW Local 212 stayed off the job. The trucks are needed to keep supplies flowing between plants.

The 600 drivers ignored a union back-to-work order Tuesday. Later UAW officials sent them telegrams asking they return to work today, so their grievances can be discussed with Chrysler management.

Miss Hawrylow Honored At Bridal Shower

Miss Penny Rae Hawrylow of Spalding was feted at a pre-nuptial shower Tuesday evening, April 28. The dining room of Rubick's Inn was decorated in shades of lavender, aqua and green, where 65 friends and relatives from the surrounding area gathered to enjoy an evening of cards.

Miss Hawrylow was presented with a corsage of lavender mums and white carnations, accented with a gray ribbon, by her fiancé, David Smith. Miss Hawrylow and Mr. Smith will be married June 20 at St. Francis Xavier Church in Spalding.

A buffet lunch was served from a table centered with a miniature bride, and flanked by crystal candelabra holding shades of lavender candles. Mrs. Ralph Veaser presided at the silver coffee and tea service. Other hostesses were Mrs. Jerome Wells, Mrs. Donald Shannon and Miss Barbara Smith.

Prizes were awarded to Miss Myrtle Beaton, Mrs. Elizabeth Beaton, Mrs. Sam Strand, Mrs. Harold Mattson, Mrs. Irving Ries, Mrs. J. E. Smith, and Mrs. John E. Johnson. The guest award was presented to Mrs. Lawrence King.

MODEL AT LEFT wears an Oscar de la Renta evening suit in below-the-knee length with lace-front belt. Design was from his collection shown Monday in New York City. Model at right wears an embroidered black velvet skirt and white top, the Donald Brooks separates look for evening from his fall collection, shown also in New York Monday. (AP Wire-photo)

Trenary

Ransom Richmond is a patient at St. Luke's Hospital in Marquette.

Art Saari is at home after being a patient in St. Luke's Hospital in Marquette.

Mrs. Elizabeth Davis is in Harrisburg, Ill., to be with her sister, Mrs. William Farley, who is hospitalized there.

William Harris is a patient at the Veteran's Hospital in Iron Mountain.

Mrs. Pearl Peterson is at home after being a patient at St. Luke's Hospital in Marquette.

U. Of M. Men's Glee Club Well Received

The first appearance in Escanaba in nine years of the University of Michigan Men's Glee Club was worth the wait. Under Director Willis Patterson, the male choral group did outstanding work.

All Those Tenors

As Clare Garrard, local vocal music teacher said, "Where did Mr. Patterson find all those tenors?" In other words, the balance of voices was excellent, and the color throughout the various types of music was constantly highlighted by nuances of vocal and musical artistry.

Large Audience

A large audience took the chorus to its musical hearts. The applause rang long and enthusiastically, and the director responded with pleasing encores, one of which was certainly contemporary and made a big hit. It was aptly named, "Pollution".

The University of Michigan Men's Glee Club was sponsored

Hermansville

Activity Center

The North Menominee County Activity Center for Handicapped people of the area is now operating in the Menominee Hotel in Hermansville. Several persons are attending on a regular basis. Mrs. Gladys Sutherland is the craft instructor for the Department of Vocational Rehabilitation. Hours are: Wednesday, Thursday and Friday from 9 a.m. to 12:00 noon. Any person with a physical or emotional handicap may attend. If interested call the CAA office, 497-5205 and Mrs. Szapa will call on any prospective client who would like to work with crafts.

A carpet loom will soon be in operation and a supply of usable clean cotton material, used or new, would be appreciated.

Bay College Practical Nurses Elect Officers

The 11th practical nursing class of Bay de Noc College held its first meeting, May 1 to elect class officers. Verna Plante of Iron Mountain was temporary chairman.

Officers elected are: President Mary Dishaw, Crystal Falls; Vice President Beverly Coultres, Gaylord; Secretary Carol Hainault, Escanaba and Treasurer Pat Berchowski, Ontonagon. Class advisors are instructors Miss Camille Rabito, RN, of Gladstone and Mrs. William Good, RN, of Bark River.

Members of the class are: Eva Brzobowski, Hilda Haggard, Geraldine Martinson, Julie Povich and Cheryl West of Iron River; Jenny Budek, Nancy Ealy, Jeanne Gardipee and Verna Plante, Iron Mountain; Jean Slivinski, Mary Dishaw and Loretta Hockings, Crystal Falls; Jean Eustice, Cheboygan; Beverly Coultres, Gaylord; Evelyn Chevalier, Stephenson; Donna Nemitz, Wallace; Alice Paul, Caspian; Eulalie McKean, Copemich; Linda Holmes, Arnold; Sharon Stedman, Hale; Pat Berchowski, Ontonagon; Kathleen Skocelas, Stonach; Rosemary Sullivan, Quinnesec; Rita Wickwire, Gulliver; Vickie Capogrossa, Grand Marais; Dick St. Martin and Joyce Hardwick, Gladstone; Carol Schut, Marian Flinn, Arlene Tufnell and Carol Hainault, Escanaba.

Goddess Was First Honored

The first mother to be honored with special yearly veneration was Cybele, according to recent research. She was an earth-mother goddess who was supposed to be the great parent of gods and men as well as the lower orders of creation.

The worship of Cybele began in Asia Minor and spread to Greece and eventually Rome. Later, the ancients became confused as her cult spread and confounded her with local maternal deities such as Rhea, Ge and Demeter.

These various Mediterranean mother goddesses closely resembled one another and are products of similar concepts of fertility of the earth and regeneration of life every spring. Our modern concept of Mother's Day shuns goddesses and focuses attention on live and specific 'moms.'

People

Mr. and Mrs. John Picard, Sr. and son Sgt. Gerald Picard have returned from a trip to Rantoul, Ill. where they visited with their son and brother, S. Sgt. Leo F. Picard who is stationed at Chanute Air Base in Rantoul. They also visited with a daughter, Mrs. Harlan LaPalm of Rockford, Ill.

Mrs. Randy Martin

Linda Mattson, Randy Martin Exchange Vows

Linda Mattson of Milwaukee, formerly of Soo Hill and Randy Martin also of Milwaukee, exchanged wedding vows during a candlelight ceremony performed at 7 p. m., Saturday, April 11 at the University of Wisconsin Lutheran Chapel.

The Rev. Prenzlou officiated at the nuptials before an altar adorned with bouquets of wild flowers. Parents of the couple are Mr. and Mrs. Carl Mattson Jr., of Soo Hill and Mr. and Mrs. Walter Martin of Milwaukee.

Organza, Satin

The bride, given in marriage by her father, wore a floor length white gown of organza over delustered satin fashioned with a high neckline, long puffed sleeves and a detachable lace train. The bride's gown was made by a close friend. She carried a bouquet of white daisies and orchids.

Apple Green

Marlene Mattson was maid of honor for her sister and she wore a floor length gown of apple green linen. She carried a bouquet of yellow daisies and orchids. Serving as best man was Steven Girard and seating the guests were Russel Martin and Robert Martinez.

Mothers' Attire

Mrs. Mattson wore for her daughter's wedding a pink bonded lace dress with matching accessories and Mrs. Martin wore a blue brocade dress with silver accessories. Both mothers were presented orchid corsages. The bridegroom's grandmother was also presented an orchid corsage. The reception was held following the ceremony. The new-

Births

SAVARD — Mr. and Mrs. Richard Savard of 2204 26th Ave. S., are the parents of a son, their first child, born at 12:55 a. m., on May 6. The infant weighed 8 pounds and 5 ounces at birth and has been named Reid Richard. The mother is the former Jeanne Pryal.

HART — Mr. and Mrs. James Hart are the parents of a son, James Edward, born at 9:23 a. m., on May 4. The infant weighed 8 pounds and 3 ounces at birth, and is their first son in the family. Mrs. Hart is the former Gail Thoma.

BOUCHER — A son, Michael James, weighing 6 pounds and 7 ounces, was born to Mr. and Mrs. Michael Boucher, 1421 N. Lincoln Rd., at 1:20 a. m., on May 6. The infant is the first child in the family. Mrs. Boucher was Betty Lou Krause.

KELL — Mr. and Mrs. Clarence Kell of 823 S. 20th St., welcomed their first child, a daughter, Vicki Lynn, at 8:27 a. m., on May 6. The infant weighed 10 pounds and 4 ounces at birth. The mother is the former Mary Jane Thiry.

Retired Teachers Elect New Officers

The Delta County Chapter of the Michigan Retired Teachers Association held their last meeting of the spring season Tuesday at the Bethany Lutheran Church. Ladies of the church prepared and served a luncheon at 12:30 p.m.

Following the luncheon Mrs. Ruth Swaby, president, conducted the business meeting. She announced that the Chapter's constitution has been approved by the Michigan Retired Teachers' Association and that the Chapter has become affiliated with both groups.

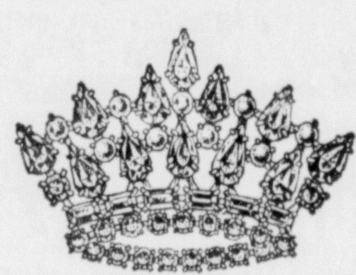

New Officers Mrs. Gertrude Hendrickson of the nominating committee presented the slate of officers for the 1970-'71 year beginning with the September meeting as follows: Miss Mary Newton, president; Mrs. Margaret Gilbert, vice-president; Mrs. Ruth Carlson, secretary; Miss Amy Johnson, treasurer; and Miss Anona Anderson, historian. Other committee chairmen and members will be announced at a later date.

Members of the group extended their appreciation to Mrs. Swaby for the work she has done during the past year as their leader. Guests at the meeting included: Mrs. Alice Winkler, Mrs. Dorothy Ivens, Mrs. Geraldine Snyder and Mrs. Eleanor Grenholm. Program Russia Miss Eve Flemstrom introduced Mrs. Bernadette Schmitt who presented the afternoon's program. She presented an informative talk on her trip to Russia with slide illustrations. She discussed some interesting facts about the people, cities, farms, educational system and transportation. The next meeting of the Chapter will be held Tuesday, Sept. 1 in Gladstone and U.P. workbee is scheduled for June 11 in Iron Mountain. Vary that homemade quick-style nut bread! Add some diced candied orange peel along with the nuts. Candied orange peel is available in small containers in supermarkets; it may also be bought by the pound in many candy shops.

George Petersons Adopt Daughter

Mr. and Mrs. George A. Peterson, 217 S. Lincoln Rd., announce the adoption of a daughter, Margaret Mary on May 5. The infant was born April 4 and weighed 5 pounds and 15 ounces at birth.

Grandparents are Mrs. Adele Peterson of Escanaba and Mr. and Mrs. Nic Schnitzler of Hartford, Wis.

Eagles Auxiliary Meets Tonight

Eagles Auxiliary will meet at 7:30 p.m. today in the club-rooms. Election of officers will be held and lunch will be served following the meeting.

The district 9 meeting for all members of the Aeries and Auxiliaries of Fraternal Orders of Eagles in the U.P. will be held May 16 at 2 p. m. in Negaunee.

Mrs. Marvin Chouinard (Paul Blewett Photo)

Nancy Sivertsen And Marvin Chouinard Wed

Sacred Heart Church, Schaffer, was the setting Saturday, May 2, for the double ring ceremony uniting in marriage Nancy Sivertsen of Escanaba and Marvin Thomas Chouinard of Rte. 1, Escanaba.

Officiating at the 1 p. m. nuptials was the Rev. Clifford Nedean. The bride is the daughter of Mr. and Mrs. Clarence LeMire, 222 N. 14th St. and parents of the bridegroom are Mr. and Mrs. Joseph Chouinard of Rte. 1, Escanaba.

Maid of honor for the bride was Sue Chouinard and brides-

maids were Rosie Otradovec and Cheryl Sivertsen. Serving as best man was George Chouinard and groomsmen were Jay Sivertsen and Ronald Chouinard. Seating the guests were Jerry Otradovec and Joseph Frisch.

Lace, Taffeta

The bride chose for her wedding a floor length white gown of illusion lace over taffeta fashioned with an Empire waistline, scalloped V-neckline and detachable train.

A pearl crown held her elbow length illusion veil and she carried a bouquet of red roses and white carnations. She also wore her great grandmother's pink cameo necklace.

Yellow Crepe

The bridesmaids were attired in yellow crepe floor length gowns styled with chiffon sleeves. Matching headpieces completed their attire and they carried bouquets of yellow tinted mums and carnations.

Mothers' Attire

Mrs. Sivertsen wore a blue brocade suit with black accessories and Mrs. Chouinard chose a two-piece aqua ensemble with white accessories. Both mothers were presented corsages of yellow and white carnations.

The reception was held at the Eagles Hall. The newlyweds will reside at 214 N. 14th St.

VFW Post 8372 Installs New Officers Sunday

ENGADINE — Officers for the 1970-71 year of the Bouchard-Raski VFW Post 8372 and Ladies' Auxiliary were installed Sunday, May 3, at a joint installation meeting at the VFW Post Building in Engadine at 2 p. m.

The following post officers were installed: Commander Sig Fandrick, Senior Vice Commander Earl Legault, Junior Vice Commander Alex Beisel, Quartermaster Otto Platt, Chaplain Gustave Buss, Post Advocate David Brown and Trustee Wallace Belleville. The officers were installed by Frederick Merriam, a past commander of the post.

Agnes Brown, a past president of the Ladies' Auxiliary, installed the following officers: President Angeline Resenthal, Senior Vice President Eleanor Lesatz, Junior Vice President Ferzina McCarney, Chaplain Joyce Butkovich, Patriotic Instructor Agnes Brown, Conductress Hilda Klobucher, Guard Joyce Legault, Secretary Mary Edwards, Treasurer Ruby Weber and Flag Bearers Mae Hall, Alvina Elmer, Delores Miller and Lorraine Leveille.

Eight new members were also initiated into the post at this meeting: Ted Fisher, John Wendt, Frederick Kauffman, Vern Bellant, Walter Heck, Jerry Kerborsky, Herman Ockerman and Cecil Kerridge.

Following the meeting and social hour, a pot-luck lunch was served by the Ladies' Auxiliary.

Miller Elected Post Commander

The Gladstone American Legion, August Mattson Post 71, at its regular monthly meeting Monday night, elected officers for the coming year.

Bob Miller of North 16th Street, who has been in the military service for the last 23 years and is recently first sergeant of the local National Guard Unit, was elected commander of the post.

Lloyd Lessard of 1019 Minnesota Ave., who also has been in service for 23 years, was elected first vice commander.

Tableau To Be Presented Here

A tableau entitled, "The Christian Mother's Dream," will be presented at the annual Mother - Daughter dessert Thursday at First Lutheran Church at 7:30 p.m. The LCW will sponsor the event and those planning to attend are asked to note the change of time.

Taking part in the program will be Mrs. Allen Salmi, Mrs. Reuben Carlson, Mrs. Oscar Ohman, Beth Olson, Jane Ebbesen, Nancy Labre, Sally Sjoquist, Mrs. Gerald Peltz, Mrs. Bertha Ades, Mrs. Duane Bovin, Mrs. Grant Hupp, Mrs. Ellis Movelson, Mrs. Robert Hupp, Mrs. Robert Ebbesen and Mrs. Ollie Nelson, Mrs. Michael Creten will be the organist.

Following the program dessert will be served in Fellowship Hall and the Trinity and Junior Choirs will entertain with several selections from "Sound of Music".

The public is invited to attend this special event and it is not necessary to have a daughter in order to attend.

Newly-Elected Mayor Plans Pollution Fight

LUDINGTON (AP) — David Fisher, a post office employee, became mayor of Ludington Monday night and established a new governmental committee to aid in studying the city's pollution problem.

Mayor Fisher said in a prepared statement that pollution is not quite the problem in Ludington that news media have indicated it is since hundreds of gallons of deadly cyanide solution were discharged into Ludington's sewer system March 15.

Fisher also contended that news stories about the incident contained facts taken out of context for the sole purpose of making news. However, he provided no specific examples to back up his claims.

Ludington and four of its five plating companies are currently under a circuit court restraining order forbidding further discharges of cyanide. The plating companies also have installed emergency holding tanks so that cyanide can no longer spill accidentally into the city's sewers.

The survey of Ludington's air, water and land pollution problems by professional engineers was approved unanimously by the city council.

Fisher said the costs of the study may have to be paid through higher sewer use rates. But Fisher told the council, "we are in a position to make our city a model for other cities in pollution and environmental control."

But city manager James Cartier said Ludington may have trouble meeting the state's 60-day time limit to complete long range engineering studies of the industrial pollution situation. He said the city's industrial plants are cooperating but they may need more time.

Cartier said 21 industrial plants have completed a study, ordered by the council, of their chemical supplies and have assured him there is no possibility of the chemicals being discharged into the sewers.

Resignation

DOWAGIAC (AP) — Dr. Kenneth Reimke, superintendent of the Dowagiac Union School District for four years, has resigned effective June 30, to become superintendent in Waukegan, Wis.

Profits Higher

DETROIT (AP) — Omni Spectra Inc., a microwave component manufacturer, announced Monday that profits for the quarter ended March 31 were \$66,655, compared with \$66,104 for the same three months of 1969. In each quarter earnings amounted to eight cents per share.

GLADSTONE

MRS. ED LeDUC of Lora Line Fashions, Gladstone, shows off a display of blouses on Lora Line's new shop, 712 Delta Ave. The Boutique, Beauty Shop and Wig Salon will open Friday. Walk-in beauty service will be provided beginning Monday. (Daily Press Photo)

Church Offering Receipts Given To Area Center

Money received in a special Lenten offering at Trinity Episcopal Church, Gladstone, has been turned over to the Delta County Association for Retarded Children to help finance the association's activities center.

The center is operated for the benefit of young people too old to enroll in the John F. Kennedy School.

Presentation of a check from the church was made by Bert Youngs, warden of the church, to Mrs. Ervin Koehler of the association in a ceremony also attended by Mrs. Amanda Ryan and Rev. Philip Nancarrow.

Lora Line Has New Shop, Beauty Salon

Lora Line Fashions will open a new Boutique, Beauty Shop and Wig Salon at 712 Delta Ave. on Friday.

Mrs. and Mrs. Ed LeDuc, owners of the new Gladstone business, recently purchased the former Goodman Bottle Gas Co. building and have remodeled the interior to provide greater service for customers. The business is moving from 724 Delta Ave.

In addition to women's apparel and wigs now offered by Lora Line, the Beauty Salon will provide walk-in service by two experienced beauty operators.

Mrs. Vickie Toyra of Rock, the former Vickie Layman, was trained at the Escanaba Beauty Academy and Mueller's Beauty Academy in Waukegan, Ill. She recently returned to Gladstone from Chicago where she gained considerable experience in high styling.

Barb Groleau of Rapid River, who also is experienced in high styling as well as in all other phases of the trade, has been employed in Escanaba as a beauty operator after completing her training at the Escanaba Beauty Academy.

The Beauty Salon will be open for walk-in service on Monday.

School Consolidation Plan In State Unstable

LANSING (AP) — Gov. William G. Milliken apparently must overcome Democratic indifference and Republican resistance if he expects passage this year of legislation to reorganize and consolidate local school districts.

No version of Milliken's proposal has been reported out of committee in the Senate.

In final action on other matters Tuesday night, the House approved by 74-5 vote a bill to allow schools to operate on a 12-month basis. Under the bill, sponsored by Rep. Harold Clark, D-Warren, students would only have to attend classes for three of four quarters each year. Parents could choose which quarter their child would be on vacation.

A \$250-million increase in the State Housing Development Authority's bonding authority won 81-6 approval. The measure, which earlier passed the Senate, is aimed at financing some 50,000 low- and middle-income housing units within the next decade.

Bonds worth \$50 million already have been let for development of 2,500 units by next year. None of the total \$300-million would be paid for from tax revenues, but by occupants' rent and federal subsidies.

Rep. Quincy Hoffman, R-Applegate, offered but withdrew an amendment Tuesday night that would have stripped the referendum deadline from the bill. Sponsors of the bill said Hoffman's amendment would have killed it.

Milliken originally proposed cutting some 640 local school districts down to about 300 units of 2,000 students each. The final deadline was July 1, 1973—one

Escanaba Trackmen Cop Triangular Meet

By DON HOWES

The Escanaba Eskymos raced to their first track victory of the season Tuesday afternoon as they outclassed Iron Mountain and Rapid River in a triangular meet which was held at the Escanaba Athletic Field.

Despite cold weather and above average winds, the Eskymos rolled up 69½ points to 43½ for Iron Mountain, while Rapid River was a close third with 35 points.

The first place finishes were almost even as Escanaba and Iron Mountain both collected firsts in five events while the Rockets cashed in on four first place finishes.

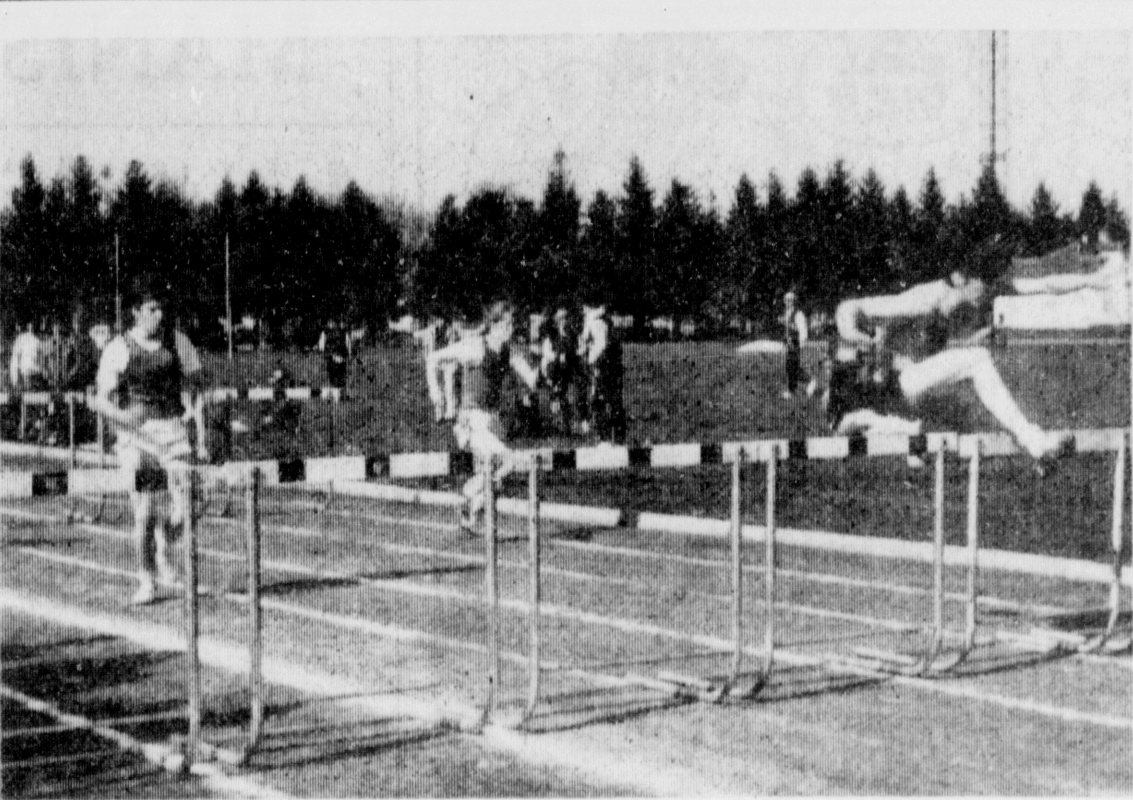

Jeff Boyer, a sophomore at Rapid, River, was a big individual point producer as he took three first place finishes and missed another first finish by a matter of one inch. Boyer flashed to victory in the high hurdles, in one of the better times in the U.P. this season, as he crossed the finish line in a time of 15.6 seconds. His other first place finishes were in the pole vault and the low hurdles, while he just missed a fourth first place finish in the high jump.

Escanaba's first place finishers were Gary Brawley in the shot put with a toss of 49 feet 2½ inches, Al Larson took the 880 in a time of 2:10.2 by just edging out Phil Conery of Iron Mountain who had a time of 2:10.25, Rodney Deiter won the 100 in a time of 10.65 seconds and Steve Gage raced to victory in the two-mile run in a time of 10:56.6.

Escanaba's 880 yard relay team scored an easy victory in that event. The team consists of Gene Timmer, Bob Stone, Steve Rolig, Rodney Deiter.

In the final event of the day, the Eskymos mile relay team was nipped out by Iron Mountain by 5 tenths of a second.

Escanaba had nineteen second and third place finishes to provide them with depth in

UP AND OVER — Rapid River's Jeff Boyer leaps over the final barrier, as he races toward the finish line in the high hurdle event, at Tuesday's triangular track meet at the Escanaba Athletic Field. Boyer won the event in a time of 15.6. Coming in second and third are Bob Thompson and Steve Rolig of Escanaba. (Daily Press Photo)

Chisox Red Hot; Brewers Ice Cold

The ball is beginning to bounce right for Tommy John and the Chicago White Sox, but Gene Brabender and the Milwaukee Brewers still are getting nothing but bad hops.

John, backed by five double plays, hurled the White Sox past Cleveland 2-1 Tuesday night for their fourth victory in the last five games. The Chicago left-hander has won his last two starts after a string of five straight setbacks.

Brewers Beaten

Brabender pitched five perfect innings, then was raked for five runs in the sixth, as the Boston Red Sox blanked Milwaukee 6-0 behind Sonny Siebert's three-hitter and extended the Brewers' losing streak to nine games.

In other American League action, Tony Oliva powered Minnesota to an 8-5 verdict over Detroit, Baltimore rode four home runs to a 7-3 victory over Kansas City, Oakland rocked the New York Yankees 11-3 and Washington downed California 6-1.

John scattered six hits at Cleveland, where the White Sox and Indians tied a major league record by combining to reel off nine double plays. Luis Aparicio's run-scoring double off Dean Chance in the fifth inning snapped a 1-1 tie and John protected the lead the rest of the way.

"He lost his first five, but he can win his next six or seven," said Chicago Manager Don Gutierrez. "There's no doubt in my mind that he's better than a .500 pitcher."

Brabender, who had beaten Boston nine days ago for his lone victory of the season retired the Red Sox in order for 5-1-3 innings, then walked Tom Satriano. Siebert followed with a double into the left field corner, and before the inning was over, Brabender was behind 5-0.

Reggie Smith's bases-loaded double delivered the first two runs: Tony Conigliaro singled another home; George Scott drew a bases-loaded walk and the fifth run crossed the plate on an error by third baseman Tommy Harper.

Set U. P. Golf Tourney Dates

The Upper Peninsula Golf Association decided five important issues at the annual meeting, then set a schedule of tournament dates.

On the issue of match play versus medal play in tournaments, it was decided to leave the matter to the discretion of the host club.

On the matter of junior golfers entering UPGA sanctioned tournaments, it was voted to let junior golfers try to qualify and go on to play if they qualified for the championship flight. If they failed, the entry fee would be refunded. Should a junior golfer win, the prize cannot have a value of more than \$4.99.

The matter of reciprocity for visiting members' green fees was left up to the individual clubs, mutually, where they are within 25 miles. Other clubs will decide individually how many times a visitor from another UPGA club may play without paying green fees.

Several of the clubs expressed the desire to have a UPGA sanctioned junior golf tournament in 1970. This will be studied further, with dates and places to be announced.

U.P. tournament dates were set as follows:

June 6-7 — Gladstone, two man best ball

June 13-14 — Marquette shortstop

June 20 - 21 — Ishpeming shortstop

June 27-28—Houghton shortstop

July 4-5 — Pine Grove two-man best ball

July 11-12—Ashland, Escanaba shortstops

July 18-19—Ironwood shortstop; North Shore two-man best ball; Route River, Sault Ontario two-man best ball

July 25-26 — Iron River shortstop

Aug. 1-2—Ontonagon shortstop

Aug. 5-8 — Sault Ste. Marie, Ontario, U.P. Amateur championships

Aug. 8 — Ontonagon senior's tournament

Aug. 15-16 — Ontonagon junior invitational.

Blues Rated Underdogs; Series Shifts To Boston

ST. LOUIS (AP) — The Boston Bruins' Ken Hodge crooned, "Never any doubt about it," and a dissenting voice was not to be heard after the second game of hockey's Stanley Cup finals Tuesday night.

The Bruins, picking up momentum true to oldster John Bucyk's prediction, inundated the St. Louis Blues 6-2 for a 2-0 advantage in their best-of-7 series.

With games 3 and 4 scheduled for Boston ice Thursday night and Sunday, the outcome left the Bruins' Harry Siden a happy and only slightly cautious coach.

"I just think we outskated them completely," he said. "They were never in the game. They got two goals off faceoffs and nothing else."

8 Straight

"Yes, I'd say we're skating as well as we have all year. When you win eight games in a row you've got more than one thing going."

"We've got good defense, good goaltending and we've generally been able to stay away from the bad penalties."

As an afterthought perhaps against overconfidence, Sinden noted, "We figured this was a very big game for us. Everything in sports is unpredictable. I'll just be disappointed if we can't win the next one on our home ice."

In the Bruins' locker room, celebrations of sorts were led by Eddie Westfall, a right winger noted most for his checking ability, and Derek Sanderson, the longhaired center with a gift of gab.

Each contributed two goals to the rout, and Sanderson confessed he thought the scoring would be tougher.

"I thought it would be like 3-2 games the Blues had against Montreal," he said, "but we've been in a real scoring groove since the series against Chicago."

Westfall, reveling in his second and third goals of the playoffs,

Oliva Twists Tigers' Tail

DETROIT (AP)—Bill Rigney, Minnesota's manager in his first year with the Twins, didn't hesitate using the superlative "best" when speaking of Tony Oliva's hitting.

"You're the best hitter I ever saw," Rigney said bluntly as he shook the 28-year-old rightfielder's hand in the cluttered Minnesota locker room Tuesday night. A "best" tag has to mean a lot coming from Rigney, since he is in his 15th year as a major league manager.

Oliva had just knocked in six runs with a homer, single and triple as the Twins beat the Detroit Tigers 8-5.

The teams were scheduled to meet again tonight with Les Cain, 0-1, the probable Tiger starting pitcher against Dave Boswell, 0-3, of the Twins.

1½ Behind

The loss dropped the Tigers 1½ games behind first place Baltimore in the East Division of the American League since the Orioles downed Kansas City 7-3. Minnesota remains atop the West Division.

"Seven runs-batted-in is a Twins record. Is six your best ever?" Oliva was asked.

"If seven is the record," he smiled in his Latin American accent, "then maybe I got seven before."

Six RBI wasn't a record, but

in the meantime Luis Tiant collected a Twins mark. Tiant, who won his fifth straight without a loss this year, pitched two-hit ball for his 5-2-3 innings but walked nine batters in the process. Previous Twins' record was eight walks given up by Boswell.

His relievers added four to provide Detroit with 13 gift runners. But the Tigers only knocked in two of these and in all stranded 13 runners.

Four Out Of Five

"As long as you win it makes no matter how you win," Tiant grinned. "It was so cold I just couldn't get warmed up."

It rained heavily in the first inning and the temperature was in the low 40s. There were brisk winds making the wind-chill factor near freezing. But 15,700 spectators showed up at Tiger Stadium as Detroit lost its fourth game in the last five starts.

Minnesota took a 2-0 lead in the first inning when Tiger starter Mickey Lolich, now 4-3, walked Cesar Tovar and Oliva connected with his fourth homer. Oliva, in his seventh year with the Twins, added a run-scoring single two innings later after Leo Cardenas doubled.

McAuliffe Homers

Dick McAuliffe's two-run homer in the fourth narrowed the lead to 3-2. But Oliva lashed a bases-loaded triple in the fifth after singles by Tovar and Cardenas, plus a walk to Harmon Killebrew. Oliva scored on a single by Rich Reese.

Killebrew's solo homer, his sixth of the year, gave Minnesota its final run in the seventh off reliever John Hiller.

"I thought we were in good shape until that guy Skotkiewicz, or whatever his name is, knocked in those two runs," Rigney said, referring to a two-run bases-loaded single by rookie Ken Skotkiewicz for Detroit in the seventh.

Al Kaline's fourth homer of the year, a solo blast in the eighth, gave Detroit its fifth run. Oliva is batting .352 with 21 RBI. Last year he hit .309 with 101 RBI. He doesn't want to say how he expects to do over the season.

"I don't look at the year in 15-20 games," he said. "You have to play at least 100."

Holy Name Tops Eskymo Netters

The Holy Name Crusaders won their second tennis match in as many days by defeating the Escanaba Eskymos Tuesday afternoon 6-1.

The victory gives the Crusaders a 3-2 season record and Escanaba now stands at 2-2-1 for the season.

Four singles and three doubles matches were played with Holy Name winning all the singles and two of the three doubles.

Joe Joran remained unbeaten in the singles competition by beating Fred Mitchell of Escanaba 6-1 and 6-3.

SINGLES

Dennis Lueneburg (HN) defeated Bill Johnson (E) 6-3, 3-6, 1-6.

John Walker (HN) defeated Baxter Mitchell (E) 6-4, 7-5.

Dennis Ryan (HN) defeated James Berry (E) 6-2, 6-1.

DOUBLES

Steve Hensell and Steve Vanlerberghe (E) defeated Jim Juettin and Mark Larche (HN) 6-1, 10-8.

Dave Walker John Olinger (HN) defeated Bob Ihlenfeldt and Bill Davis (E) 4-6, 6-4, 6-3.

Mike Daily and Brian Larche (HN) defeated Jon Krohmer and Mark Setterlind (E) 7-5, 8-6.

Horseshoe

There will be a horseshoe meeting tonight at the Civic Center at 7:30.

Additional Sports On

Burton Pitches Michigan To Win

KALAMAZOO (AP) — Michigan pitcher Jim Burton fanned 17 batters and helped a hefty Michigan batting attack with a single and a triple as the Wolverines crushed Western Michigan 10-1 Tuesday.

Burton allowed the Broncos only four hits and was aided by four Western Michigan errors. The Wolverines scored four runs each in the third and sixth innings.

The victory gave Michigan a 9-15 season record; Western is now 17-9.

Basketball Game At Bark River

Two faculty-alumni basketball games will be sponsored by the Bark River-Harris PTA on Monday, May 11. The first game has been scheduled at 7:30 and the second will be played immediately following the first.

All alumni of Bark River-Harris High School are invited to play. Proceeds from the game will be used to buy equipment for the school through the PTA.

Work Bee Slated

There will be a work bee for the Escanaba Merchants and Independent softball teams at Memorial Field tonight at 6:30. Rakes and shovels are needed.

Braves' Boyer Provides Spark For Fire Dance

By The Associated Press

Clete Boyer doesn't want to set the world on fire ... just start a little flame in Chief Noc-a-homa's tepee.

Boyer exploded two homers out of spacious Atlanta Stadium Tuesday night to lead the Braves' 12-6 victory over Pittsburgh—and that set off the fireworks in the left field of the team's colorful mascot.

Noc-a-homa rejoices with exploding fireworks in the tent and then a crowd-pleasing war dance outside everytime the home team hits one out. Boyer's two shots, and Hank Aaron's homer kept him twitching Tuesday night.

Hits Two

"Two homers, that's hard to believe, isn't it?" said an incredulous Boyer, better known for his fielding exploits at third base than his long-ball hitting.

Boyer also said he was thinking about hitting a third home run, but struck out with the bases jammed in the sixth.

The home run ball bounced around the rest of the National League and figured in some of the final margins as San Diego stopped Philadelphia 11-8; Cincinnati turned back St. Louis 5-1; Houston dropped Chicago 3-1; Los Angeles trimmed New York

Crusaders Get Fourth Straight

The Holy Name Crusaders continued their winning ways on the Golf Course Tuesday afternoon by defeating the Gwinn Model Towners.

The Crusaders tallied 228 points to outdistance the Model Towners who ended the match with 258 points. It was Holy Name's fourth straight victory of the season.

Medalist honors when to Mickey Douglas of Holy Name who shot a 43 and to Dan LeMire of Holy Name with a 44.

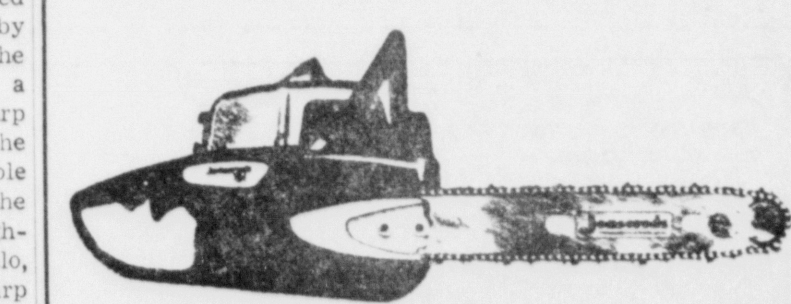

Team Scores:

Holy Name — M. Douglas 43, P. Manning 47, D. LeMire 44, R. Kleinman 47, S. Kleinman 56, B. Douglas 47, D. Fassbender 50 and R. DeGrand 52.

Gwinn — Foster 59, Minelli 45, McKenney 51, LeFerink 47, Negrinelle 56, Buss 60, Brown 67 and Ausburn 59.

Holy Name will return to action today at Iron River in a dual match with the West Iron County Wykons.

Card of Thanks

Johnson

Because we cannot thank each of you personally, we take this way of telling you how much we appreciated your sympathy and help at the time of our bereavement, the death of Ragnar Johnson. Only those who have been shown similar loving kindness when they most need it can understand our feeling toward all of you. A thank you is especially extended to the Rev. Karl J. Hammar.

Sadly Missed by Wife, Brother, Sister and Children

In Memoriam

Heyson

In loving memory of our beloved husband, father, son and brother, Nick Heyson, who died seven years ago, today, May 6, 1963.

We do not need a special day, to bring him to our minds. The days we do not think of him are very hard to find. Within our store of memories, he holds a place apart. For no one else should ever be more cherished in our hearts. The years may wipe out many things, But this they wipe out never: The memory of those happy days, When we were all together.

Sadly Missed by His Family

Set Medical Hearing For Ex-Ring Champ

DENVER (AP)—Denver Probate Judge David Brofman has set a May 12 hearing on a report from a medical commission which will examine Joe Louis, former world heavyweight boxing champion, who was admitted to Colorado Psychiatric Hospital last week. Irving Andrews, Louis' attorney, asked the court to appoint a board of psychiatrists to examine Louis, report on his condition and make recommendations to the court on future treatment.

Louis, 56, was admitted last Friday to the hospital at the University of Colorado Medical Center on a "hold for treatment" order issued by Judge Brofman.

Andrews indicated, however, a decision may be made before May 12 to transfer Louis to a private hospital which would terminate further probate court proceedings.

The former champion held the heavyweight title for 12 years, from 1937 to 1949, when he retired. A year later he challenged then champion Ezzard Charles, but was defeated and went into permanent retirement.

NOTICE OF REGISTRATION

OF THE QUALIFIED ELECTORS OF ESCANABA AREA PUBLIC SCHOOLS

Residing within the Townships of Wells, Cornell, and Ford River of Delta County and within the Township of Wells, Marquette County, Michigan.

TO: THE QUALIFIED ELECTORS OF SAID AREA PUBLIC SCHOOLS. Do please take notice that the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold the ANNUAL SCHOOL ELECTION in said School District on Monday, June 8, 1970.

Section 332 of the School Code of 1955 provides as follows:

"The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides."

THE LAST DAY ON WHICH PERSONS MAY REGISTER with the appropriate township clerk in order to be eligible to vote at the Annual School Election is to be held on Monday, June 8, 1970, at 2 P.M. Standard Time, on Friday, May 8, 1970, are not eligible to vote in said Annual School Election.

UNDER THE PROVISIONS of the School Code of 1955, registrations will not be taken by school officials and one who has registered as general electors with the township clerk of the township in which they reside are registered school electors. Persons planning to register with the respective township clerk must ascertain the days and hours on which the clerk's office is open for registration.

This notice is given by order of the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold the ANNUAL SCHOOL ELECTION in said School District on Monday, June 8, 1970.

Section 332 of the School Code of 1955 provides as follows:
